Dear Fellow Stockholder,

We need you to help us preserve your Palatin investment and to help ensure that Palatin can continue to develop its portfolio of melanocortin agonist product candidates. We ask you to vote **"FOR"** the resolution to adopt an amendment to our restated certificate of incorporation, as heretofore amended (our "restated certificate of incorporation") to effect a reverse split of our common stock. This will accomplish two very important objectives – (1) provide us with available shares of common stock to fund product development and retain and attract talented employees, and (2) price our common stock at a price per share reflective of the development stage of Palatin, increasing our investor and financing options.

We have one FDA-approved product, Vyleesi® for female sexual dysfunction. We also have a melanocortin agonist product for dry eye in Phase 3 human trials, a melanocortin agonist product for inflammatory bowel diseases scheduled to enter Phase 2 trials later this year, and multiple products in earlier development stages. These products address markets with significant clinical need and market potential. **But continuing development of these products through approval by the Food and Drug Administration is costly. For our development plans to work we must have access to capital through increased availability of authorized shares.** The reserve split amendment will accomplish this objective. But we need your vote **"FOR"** Item 3, to authorize the amendment to effect the reverse split of our common stock.

We ended our last fiscal year (June 30, 2021) with \$60.1 million in cash and cash equivalents and ended our second calendar quarter (December 31, 2021) with \$47.3 million in cash and cash equivalents. **Accordingly, we believe we will require additional funding to complete development of our product candidate portfolio and obtain marketing approval.**

You are welcome to attend Palatin's Annual Meeting of Stockholders, which will be held virtually via live audio webcast on Friday, June 24, 2022, at 9:00 a.m., Eastern Daylight Time. Details regarding the virtual meeting, including how you can access and participate in the meeting, are described in the accompanying Notice and Proxy Statement.

Please vote, and vote **"For"** Item 3, to adopt the amendment to our restated certificate of incorporation to effect a reverse stock split of our common stock in accordance with the recommendation of our Board. Our board of directors also recommends that you vote **"For"** the nominees for director in Item 1 and **"For"** Item 2 (ratification of appointment of KPMG LLP as independent registered public accounting firm), Item 4 (amendment to our 2011 Stock Incentive Plan), Item 5 (say-on-pay) and Item 6 (approval of adjournment, if necessary, if there are insufficient vote to approve Item 3).

Sincerely,

A handwritten signature in dark ink that reads "Carl Spana".

PROXY STATEMENT FOR THE VIRTUAL ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 24, 2022

VOTING PROCEDURES AND SOLICITATION

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS
FOR THE STOCKHOLDER MEETING TO BE HELD ON JUNE 24, 2022:**

THE PROXY STATEMENT, PROXY CARD AND ANNUAL REPORT TO SECURITY HOLDERS, INCLUDING OUR ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED JUNE 30, 2021, ARE AVAILABLE AT WWW.PROXYVOTE.COM.

YOUR VOTE IS IMPORTANT

Whether or not you plan to attend the virtual meeting, please act as soon as possible to submit a proxy to vote your shares. Promptly submitting a proxy to vote your shares may save us the expense of following up with a second mailing. Beginning on or about May 25, 2022, we are sending proxy materials to stockholders of record and beneficial owners at the close of business on May 12, 2022. If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC ("American Stock"), you are considered, with respect to those shares, the "stockholder of record." If your shares are held in a stock brokerage account or by a bank or other holder of record (a "brokerage firm"), you are considered the "beneficial owner" of the shares held in street name.

GENERAL INFORMATION

Why am I receiving these materials? The Board of Directors of Palatin Technologies, Inc. ("Palatin" or the "Company"), or the board, has made these materials available to you over the Internet and has delivered printed versions of these materials to you by mail, in connection with the board's solicitation of proxies for use at the virtual-only 2022 annual meeting of stockholders, or the virtual annual meeting. The virtual annual meeting is scheduled to be held on Friday, June 24, 2022, at 9:00 a.m.,

[Table of Contents](#)

Eastern Daylight Time, via live webcast through the website link below. You will need the 16 digit control number provided on your proxy card or on the instructions that accompanied your proxy materials in order to participate in the meeting or access the stockholders entitled to vote at the meeting during the meeting. This solicitation is for proxies for use at the virtual annual meeting or at any reconvened meeting after an adjournment or postponement of the virtual annual meeting.

How can I vote my shares and participate in the virtual annual meeting? This year's virtual annual meeting will be held entirely online and you will not be able to attend the meeting in person. Stockholders may participate in the virtual annual meeting by visiting the following website: <http://www.virtualshareholdermeeting.com/PTN2022>. To participate in the virtual annual meeting, you will need the 16 digit control number included on your proxy card or on the instructions that accompanied your proxy materials. Shares held in your name as the stockholder of record may be voted electronically during the virtual annual meeting. Shares for which you are the beneficial owner but not the stockholder of record also may be voted electronically during the virtual annual meeting; however, you will need a legal proxy from the stockholder of record of any shares that you beneficially own in order to so vote them electronically during the virtual annual meeting. Even if you plan to participate in the virtual annual meeting, we recommend that you submit a proxy to vote your shares in advance, so that your vote will be counted if you later decide not to participate in the virtual annual meeting. For beneficial owners who do not have a control number, please contact your brokerage firm as soon as possible so that you can be provided with a control number to gain access to the meeting and a legal proxy to vote the shares that you beneficially own or provide voting instructions with respect to the voting of your shares.

How can I vote my shares without participating in the virtual annual meeting? To vote your shares without participating in the meeting, please follow the instructions for submitting a proxy or voting instructions by Internet or telephone in this proxy statement. You may also cause your shares to be voted by signing and submitting your proxy card and returning it by mail, if you are the stockholder of record, or by signing the voter instruction form provided by your bank or broker and returning it by mail, if you are the beneficial owner but not the stockholder of record. This way your shares will be represented whether or not you are able to participate in the meeting.

What will I need in order to participate in the virtual annual meeting? You are entitled to participate in the virtual annual meeting only if you were a stockholder of record as of the record date for the virtual annual meeting, or May 12, 2022 (the "Record Date"), or you hold a valid proxy for the virtual annual meeting. You may participate in the virtual annual meeting, vote, and submit a question during the virtual annual meeting by visiting <http://www.virtualshareholdermeeting.com/PTN2022> and using your 16 digit control number to enter the meeting. If you are not a stockholder of record but hold shares as a beneficial owner in street name, you may use your 16 digit control number on the instructions that accompany your proxy materials to enter the meeting. If you do not use your 16-digit control number, you may be required to provide proof of beneficial ownership, such as your most recent account statement as of the Record Date, a copy of the voting instruction form provided by your broker, bank, trustee, or nominee, or other similar evidence of ownership. If you do not comply with the procedures outlined above, you will not be admitted to the virtual annual meeting. In addition, if you are not a stockholder of record but hold shares as a beneficial owner in street name, you must obtain a legal proxy to vote the shares that you beneficially own during the virtual annual meeting.

METHODS OF VOTING

If you are a beneficial owner, you may be eligible to submit voting instructions for your shares electronically over the Internet or by telephone. Many brokerage firms participate in the Broadridge Investor Communications Services online program. This program provides eligible beneficial owners that hold shares in street name the opportunity to submit voting instructions via the Internet or by telephone. Whether or not your brokerage firm is participating in Broadridge's program, your proxy materials will contain voting instructions. If you are a stockholder of record or if you are a beneficial owner whose brokerage firm participates in Broadridge's program, there are three ways to submit a proxy or voting instructions to vote your shares before the meeting:

- **By Internet – www.proxyvote.com.** If you have Internet access, you may transmit your proxy or voting instructions up until 11:59 p.m., Eastern Daylight Time on June 23, 2022. Go to www.proxyvote.com. You must have your proxy card or instructions in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.
- **By telephone – 1-800-690-6903.** You may submit a proxy or voting instructions using any touch-tone telephone up until 11:59 p.m., Eastern Daylight Time on June 23, 2022. Call 1-800-690-6903 toll free. You must have your proxy card or instructions in hand when you call this number and then follow the instructions.
- **By mail –** If you are a record holder of shares, mark, sign, and date your proxy card and return it in the postage-paid envelope we have provided.

If you are a stockholder of record, or a beneficial owner of shares and obtain a legal proxy to vote your shares, you may also vote electronically at the virtual annual meeting. If you submitted a proxy or voting instructions by Internet or telephone or sent in a proxy card and are also participating in the virtual annual meeting, your shares will be voted as you previously instructed unless you vote your shares electronically at the virtual annual meeting.

If you have additional questions, need assistance in submitting your proxy or voting your shares, or need additional copies of the proxy statement or other materials, please contact our proxy solicitation firm:

REVOKING OR CHANGING A PROXY

You may revoke your proxy to change your vote by

- submitting another proxy over the Internet or by telephone until 11:59 p.m., Eastern Daylight Time, on June 23, 2022 (only your last Internet or telephone proxy will be counted);
- signing and returning another proxy card on a later date;
- sending written notice of revocation or change to the Secretary at our offices, 4B Cedar Brook Drive, Cranbury, New Jersey 08512; or
- voting your shares electronically at the virtual annual meeting.

To be effective, a later-dated proxy or written revocation or change must be received at our corporate offices before the start of the virtual annual meeting.

If you are a beneficial owner, you may submit new voting instructions by following the instructions from the brokerage firm that holds your shares, or by obtaining a legal proxy from the brokerage firm that holds your shares giving you the right to vote the shares. You may vote your shares electronically at the virtual annual meeting only if you are the stockholder of record or if you are a beneficial owner and have obtained a legal proxy from the brokerage firm that holds your shares.

PROXY SOLICITATION

We are soliciting proxies on behalf of the board, and we will pay all costs of preparing, printing, and mailing the proxy materials. In addition to mailing proxy materials, our officers and employees may solicit proxies by telephone, fax, e-mail, or Internet, without receiving any additional compensation for their services. We have requested brokers, banks, and other fiduciaries to forward proxy materials to the beneficial owners of our stock and will pay for their reasonable expenses in forwarding proxy materials to such beneficial owners. We have engaged Alliance Advisors, LLC to assist in the solicitation of proxies and provide related advice and informational support for a service fee of \$13,000 and plus out-of-pocket expenses and customary disbursements.

Proxies and ballots will be received and tabulated by Broadridge Financial Solutions, Inc. ("Broadridge"), and Broadridge or its designee will serve as our Inspector of Election.

HOW PROXIES ARE VOTED

The proxies that we are soliciting would appoint proxy Carl Spana, Ph.D., our chief executive officer, president and a director, and Stephen T. Wills, our chief financial officer, chief operating officer, executive vice president, secretary, and treasurer as proxy to vote your shares, with full power of substitution. The proxy holders will vote your shares according to your instructions on the proxy card or on the instructions that accompanied your proxy materials. If a signed proxy card does not contain instructions, the proxy holders will vote the shares FOR the election of the director nominees listed on the card or on the instructions that accompanied your proxy materials; FOR ratifying the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2022; FOR the adoption of an amendment to our Certificate of Incorporation to effect a reverse stock split of our common stock; FOR an amendment to our 2011 Stock Incentive Plan to increase the number of shares available for equity awards by 15,000,000 shares; FOR approval, on an advisory, non-binding basis, of the compensation of our named executive officers; and FOR approval, if necessary to adjourn the annual meeting to solicit additional proxies if there are insufficient votes at the time of the annual meeting to approve the proposal to adopt the reserve stock split amendment.

VOTING RIGHTS, SHARES OUTSTANDING AND VOTES PER SHARE

Holders of common stock ("Common Stock"), Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock at the close of business on the Record Date of May 12, 2022 are entitled to vote at the virtual annual meeting:

- Common Stock: Each share of our Common Stock outstanding on the Record Date entitles the holder thereof to one vote on each matter submitted to the stockholders. As of the Record Date there were 231,773,670 shares outstanding.
- Series A Preferred Stock: Each share of our Series A Preferred Stock outstanding on the Record Date entitles the holder thereof to 16 votes per share. As of the Record Date there were 4,030 shares of Series A Preferred Stock outstanding with approximately 16 votes per share, for an aggregate of 66,059 votes.
- Series B Preferred Stock: Each share of Series B Preferred Stock outstanding on the Record Date has a number of votes equal to the number of shares of Common Stock issuable upon conversion of such share of Series B Preferred Stock (whether or not such shares are then convertible). Accordingly, as of the Record Date there were 8,100,000 shares outstanding convertible to an aggregate of 30,000,000 shares of Common Stock, with each share of Common Stock having one vote. The holders of the Series B Preferred Stock have agreed to not transfer their shares of Series B Preferred Stock until after the virtual annual meeting. The holders have also agreed to attend the virtual annual meeting, vote all shares of Series B Preferred Stock in favor of the reverse stock split amendment proposal (but no other proposal other than, if needed, the proposal to adjourn the meeting), and, upon request by the Company, grant an irrevocable proxy to vote all shares of Series B Preferred Stock in favor of the reverse stock split amendment proposal.

- Series C Preferred Stock: Each share of Series C Preferred Stock outstanding on the Record Date entitles the holder thereof to approximately 3.7 shares of common stock, with each such share of common stock entitled 20,000 votes on the reverse stock split amendment. As of the Record Date there were 900,000 shares outstanding, convertible to 3,333,333 shares of common stock, for an aggregate of 66,666,660,000 votes on the reverse stock split proposal (but not on any other proposal other than, if needed, the proposal to adjourn the meeting). The holders of the Series C Preferred Stock have agreed to not transfer their shares of Series C Preferred Stock until after the virtual annual meeting. The holders have also agreed to attend the annual meeting, and vote all shares of Series C Preferred Stock in the same proportion as the aggregate shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock are voted on the reverse stock split amendment proposal and, upon request by the Company, grant an irrevocable proxy to vote all shares of Series C Preferred Stock in accordance with the above description. As an example, if 70% of the aggregate votes cast by the holders of the outstanding shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock voting on the reverse stock split amendment proposal are voted in favor thereof and 30% of the aggregate votes cast by the holders of the outstanding shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock voting on the reverse stock split amendment proposal are voted against such proposal, then 70% of the votes entitled to be cast by Series C Preferred Stock will be cast in favor of the proposal (46,666,662,000 votes) and 30% of such votes will be cast against the proposal (19,999,998,000 votes).

There are no rights of appraisal or similar rights of dissenters with respect to the items of business at this meeting.

QUORUM AND VOTES REQUIRED

The holders of one third in voting power of the shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, collectively outstanding on May 12, 2022, the Record Date, represented virtually at the meeting or by proxy, constitutes a quorum for the transaction of business at the annual meeting. Abstentions and broker non-votes will count towards the establishment of a quorum for the transaction of business at the annual meeting. If your shares are held in street name and you do not provide voting instructions to the brokerage firm that holds your shares, the brokerage firm can, in its discretion, vote your uninstructed shares on matters on which it is permitted to exercise discretionary authority ("routine" matters). A broker non-vote occurs when a broker, bank or other nominee that is the holder of record of shares for a beneficial owner exercises its discretionary authority or votes such shares on at least one matter but does not vote on a particular "non-routine" proposal because it does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. On Items 3 and 6, the holders of the outstanding shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock will vote together as a single class on an as if converted to Common Stock basis. The holders of the outstanding shares of Common Stock and Series A Preferred Stock will vote together as a single class on an as if converted to Common Stock basis on the other items of business to be brought before the virtual annual meeting. The votes required are as follows:

- Item One:** Directors are elected by a plurality of votes cast, so the seven nominees receiving the most votes will be elected. Stockholders who do not wish to vote for one or more of the individual nominees may withhold their authority to vote in the manner provided on the proxy card or on the instructions that accompanied your proxy materials. Banks, brokers, and other nominees holding shares of record for a beneficial owner do not have the discretionary authority to vote shares as to which they have not received instructions for the election of directors. Assuming a quorum has been established, broker non-votes as well as any votes that are withheld from voting on the election of directors will have no effect on the outcome of the election of directors.
- Item Two:** Ratifying the appointment of our independent registered public accounting firm for the fiscal year ending June 30, 2022 requires the affirmative vote of a majority of the votes cast on that item. Banks, brokers, and other nominees holding shares of record for a beneficial owner have the discretionary authority to vote shares held in street name as to which they have not received instructions from the beneficial owner on this proposal. If, however, any broker, bank, or other nominee fails to exercise its discretion to vote any such shares on the proposal, the shares will not count as votes cast for or against the proposal. In addition, abstentions will not count as votes cast for or against the proposal.
- Item Three:** Adoption of the amendment of our restated Certificate of Incorporation to effect a reverse stock split of our Common Stock requires the affirmative vote of the holders of a majority in voting power of all outstanding shares of Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock, voting together as a single class. Please refer to the discussion above under "Voting Rights, Shares Outstanding and Votes per Share" for a description of the Series B Preferred Stock and Series C Preferred Stock, which is entitled to be voted together with the Common Stock and Series A Preferred Stock as a single class on Item 3. We believe that banks, brokers, and other nominees holding shares of record for a beneficial owner will have the discretionary authority to vote shares held in street name as to which they have not received instructions from the beneficial owner on this proposal. If any bank, broker, or other nominee fails to exercise its discretion to vote any such shares on the proposal, it will have the same effect as a vote against the proposal. In addition, abstentions will have the same effect as votes against the proposal.

The allocation of the voting power with respect to Item 3, the reverse stock split amendment proposal, is illustrated in the following table:

	Number of Shares	Common Stock Equivalent Votes per Share	Aggregate Number of Votes	Percentage of Total Voting Power
Common Stock	231,773,670	1	231,773,670	88.52%
Series A Preferred Stock	4,030	~16	66,059	0.03%
Series B Preferred Stock	8,100,000	~3.7	30,000,000	11.46%
Series C Preferred Stock (1)	900,000	74,074	66,666,660,000	-

- (1) Shares of Series C Preferred Stock will be voted in a manner that "mirrors" the proportion of the votes of the shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock on Item 3 (excluding any shares that are not voted).

- **Item Four:** Approval of an amendment to our 2011 Stock Incentive Plan, as amended and restated, to increase the number of shares available for equity awards by 15,000,000 shares, requires the affirmative vote of a majority of the votes cast on that item. Banks, brokers, and other nominees holding shares of record for a beneficial owner do not have the discretionary authority to vote shares held in street name as to which they have not received instructions from the beneficial owner on this proposal. Assuming a quorum has been established, abstentions and broker non-votes will have no effect on the outcome of this proposal.
- **Item Five:** Advisory approval of say-on-pay for named executive officers (yes or no) will be determined based on which of the two choices receives a majority of the votes cast on the proposal. Banks, brokers, and other nominees holding shares of record for a beneficial owner do not have the discretionary authority to vote shares held in street name as to which they have not received instructions from the beneficial owner on this proposal. Assuming a quorum has been established, abstentions and broker non-votes will have no effect on the outcome of the proposal.
- **Item Six:** To approve the adjournment of the annual meeting, if necessary, if there are insufficient votes at the time of the annual meeting to approve Item 3, requires the affirmative vote of the holders of a majority of the votes cast at the virtual meeting on that item. Banks, brokers, and other nominees holding shares of record for a beneficial owner have the discretionary authority to vote shares held in street name as to which they have not received instructions from the beneficial owner on this proposal. If, however, any broker, bank, or other nominee fails to exercise its discretion to vote any such shares on the proposal, the shares will not count as votes cast for or against the proposal. In addition, abstentions will not count as votes cast for or against the proposal.

WHAT IS THE EFFECT OF NOT CASTING YOUR VOTE?

If shares are held in street name by a bank, broker, or other nominee, it is critical that you give instructions to your bank, broker or nominee as to how you wish your shares to be voted. If you hold your shares in street name and you fail to provide instructions to your bank, broker or nominee with respect to the election of directors in Item 1, your shares will not be counted for the election of directors in Item 1, since your bank, broker or nominee will not have discretionary authority to vote for election of directors in Item 1. Assuming a quorum has been established, the failure of your bank, broker, or nominee to vote any shares as to which you have not provided voting instructions, however, will have no effect on the outcome of the election of directors.

Your bank, broker or nominee firm cannot vote your uninstructed shares in their discretion on any other matter unless it is considered “routine.” Item 2, ratifying the appointment of our independent registered public accounting firm, is a routine proposal, and your bank, broker or nominee firm will have discretionary authority to vote any shares as to which you have not provided voting instructions on Item 2. If you hold your shares in street name and you do not instruct your bank, broker, or other nominee as to how to vote your shares, your bank, broker, or nominee may vote your shares in its discretion on Item 2.

We believe that Item 3, amendment of our restated Certificate of Incorporation to effect a reverse stock split of Common Stock, and Item 6, to authorize an adjournment if there are insufficient votes at the time of the meeting to approve Item 3, will be considered routine proposals. If they are considered routine proposals, and if you hold your shares in street name, your bank, broker, or other nominee will have discretionary authority to vote your shares as to which you have not provided voting instructions on Items 3 and 6. However, we understand that certain banks, brokers, or other nominee firms have elected not to exercise their discretionary authority to vote shares as to which they have not received instructions on certain “routine” matters such as the amendment of our restated Certificate of Incorporation. If your bank, broker, or other nominee firm fails to exercise its discretion to vote any of the shares that you beneficially own and for which you fail to provide voting instructions on Items 3 or 6, it will have the same effect as voting against the approval of Item 3, and it will have no effect on the outcome of Item 6. Accordingly, we urge you to provide instructions to your bank, broker, or other nominee as to how to vote your shares to ensure that your shares will be voted on Items 3 and 6 in accordance with your wishes at the virtual annual meeting.

[Table of Contents](#)

We believe that Item 4, an increase in Common Stock available for issuance under our 2011 Stock Plan, and Item 5, the advisory approval on say-on-pay for our named executive officers, will not be considered routine. If your shares are held in street name, your bank, broker, or other nominee will not have discretionary authority to vote your shares on Items 4 or 5 without your instructions. If you hold your shares in street name and you do not provide instructions to your bank, broker, or other nominee as to how to vote, then no vote will be cast with respect to your shares on Items 4 or 5. Assuming a quorum has been established, the failure of your bank, broker, or nominee to vote any shares as to which you have not provided voting instructions will have no effect on the outcome of Items 4 or 5. If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the virtual annual meeting.

IS VOTING CONFIDENTIAL?

We will keep all the proxies and ballots private unless otherwise required. We only let Broadridge examine these documents. Management will not know how you voted on a specific proposal unless it is necessary to meet legal requirements or other applicable rule, order or regulation. Broadridge will, however, forward to management any written comments you make on the proxy card.

HOUSEHOLDING OF ANNUAL DISCLOSURE DOCUMENTS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding our stock who share the same address, we have adopted a procedure approved by the U.S. Securities and Exchange Commission ("SEC") called "householding." Under this procedure, a single set of our annual report and proxy statement will be sent to any household at which two or more of our stockholders reside, if we or your broker believe that the stockholders are members of the same family. Householding benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The procedure applies to our annual reports, proxy statements, other proxy materials and information statements. Once you receive notice from your broker or from us that communications to your address will be "household," the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each stockholder will continue to have access to and utilize separate proxy voting instructions.

If you do not wish to participate in "householding" and would like to receive your own set of any or all of our annual disclosure documents, or if you share an address with another Palatin stockholder and together both of you would like to receive only a single set of our annual disclosure documents, please contact Broadridge Financial Solutions, Inc., either by calling toll-free at (800) 542-1061, or by writing to Broadridge Financial Solutions, Inc. Householding Department, 51 Mercedes Way, Edgewood, New York 11717. Alternatively, if your brokerage firm or other nominee holds your Palatin shares, you may contact your broker or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

RECOMMENDATION OF THE BOARD

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE SEVEN NOMINEES LISTED ABOVE.

Board Composition and Nominating Process

The nominating and corporate governance committee conducts an annual director performance evaluation process and proposes nominees for election as directors. Nominees must be well-regarded and experienced participants in their field(s) of specialty, familiar with our business, willing to devote the time and attention necessary to deepen and refine their understanding of Palatin and the issues we face and must have an understanding of the demands and responsibilities of service on a public company board of directors. The committee considers individual merits, such as personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the board and concern for the long-term interests of the stockholders. While we do not have a formal diversity policy, to ensure that the board of directors benefit from diverse perspectives, the committee seeks qualified nominees from a variety of backgrounds, including candidates of gender and ethnic diversity. The committee also considers each candidate in relation to existing or other potential members of the board, with a view to establishing a well-rounded, diverse, knowledgeable, and experienced board.

The board amended its written charter for the nominating and corporate governance committee effective October 1, 2013, to provide that directors will not be nominated for election to the board after their 75th birthday, although the full board, upon the recommendation of the committee, may nominate candidates over 75 years of age in special circumstances. There is one nominee for director who when nominated was over 75 years of age, Robert K. deVeer, Jr. Upon the recommendation of the nominating and corporate governance committee, the full board nominated Mr. deVeer for an additional one-year term for special circumstances relating to his role as audit committee financial expert as defined by Item 407 of Regulation S-K promulgated by the SEC, and his expertise relating to investment banking and corporate finance.

The nominating and corporate governance committee will consider stockholder recommendations of nominees if they are accompanied by a comprehensive written resume of the recommended nominee's business experience and background, and a signed consent from the recommended nominee stating that he or she is willing to be considered as a nominee and, if nominated and elected, will serve as a director. The committee will consider candidates recommended by stockholders on the same basis as candidates from other sources. The committee may retain outside consultants to assist in identifying suitable director candidates. Stockholders may send their written recommendations with the required documentation to our executive offices at 4B Cedar Brook Drive, Cranbury, NJ 08512, Attention: Secretary.

Director Independence

The board of directors has determined that all the directors and nominees, except for Dr. Spana (our Chief Executive Officer and President), are independent directors, as defined in the listing standards of the NYSE American, on which our Common Stock is listed, and under Rule 10A-3 of the Exchange Act.

The Board and Its Committees

Committees and meetings. The board has an audit committee, a compensation committee, and a nominating and corporate governance committee. During the fiscal year ended June 30, 2021 ("fiscal 2021"), the board met six times, the audit committee met four times, the compensation committee met two times and the nominating and corporate governance committee met two times. Each director attended at least 75% of the total number of meetings of the board and committees of the board on which he or she served. The independent directors meet in executive session at least annually, following the annual board meeting. We do not have a policy requiring our directors to attend stockholder meetings. Except for Drs. Prendergast and Spana, the directors did not attend the virtual annual meeting of stockholders held on June 8, 2021.

Audit committee. The audit committee reviews the engagement of the independent registered public accounting firm and reviews the independence of the independent registered public accounting firm. The audit committee also reviews the audit and non-audit fees of the independent registered public accounting firm and the adequacy of our internal control procedures. The audit committee is currently composed of four independent directors, Mr. deVeer (chair), Dr. Dunton, Mr. Hull and Dr. Manning. The board has determined that the members of the audit committee are, or were, independent, as defined in the listing standards of the NYSE American and satisfied the requirements of the NYSE American as to financial literacy and expertise. The board has determined that at least one member of the committee, Mr. deVeer, is the audit committee financial expert as defined by Item 407 of Regulation S-K. The responsibilities of the audit committee are set forth in a written charter adopted by the board and updated as of October 1, 2013, a copy of which is available on our web site at www.palatin.com.

Compensation committee. The compensation committee reviews and recommends to the board on an annual basis employment agreements and compensation for our officers, directors and some employees, and administers our 2011 Stock Incentive Plan, as amended and restated (the "2011 Plan"), and the options still outstanding which were granted under previous stock option plans. The compensation committee is composed of Dr. Dunton (chair), Ms. Morris and Messrs. deVeer and Hull. The board has determined that the members of the compensation committee are independent, as defined in the listing standards of the NYSE American. Our Chief Executive Officer aids the compensation committee by providing annual recommendations regarding the compensation of all executive officers, other than himself. Our Chief Financial Officer supports the committee in its work by gathering, analyzing, and presenting data on our compensation arrangements and compensation in the marketplace.

The responsibilities of the compensation committee are set forth in a written charter adopted by the board effective October 1, 2013, a copy of which is available on our website at www.palatin.com. The committee administers our 2011 Plan, under which it has delegated to an officer its authority to grant stock options to employees and to a single-member committee of the board its authority to grant restricted stock units to officers and to grant options and restricted stock units to our consultants, but in either instance not to grant options or restricted stock units to themselves, any member of the board or officer, or any person subject to Section 16 of the Exchange Act.

Nominating and corporate governance committee. The nominating and corporate governance committee assists the board in recommending nominees for directors, and in determining the composition of committees. It also reviews, assesses, and makes recommendations to the board concerning policies and guidelines for corporate governance, including relationships of the board, the stockholders and management in determining our direction and performance. The responsibilities of the nominating and corporate governance committee are set forth in a written charter adopted by the board and updated as of October 1, 2013, a copy of which is available on our web site at www.palatin.com. The nominating and corporate governance committee is composed of Dr. Prendergast (chair), Ms. Morris and Dr. Manning, each of whom meets the independence requirements established by the NYSE American.

Duration of Office. Unless a director resigns or is removed, all directors hold office until the next annual meeting of stockholders and until their successors have been elected and qualified. Directors serve as members of committees as the board determines from time to time.

Communicating with Directors

Generally, stockholders or other interested parties who have questions or concerns should contact Stephen T. Wills, Secretary, Palatin Technologies, Inc., 4B Cedar Brook Drive, Cranbury, NJ 08512. However, any stockholder or other interested party who wishes to address questions regarding our business directly to the board of directors, or any individual director, including the Chairman or non-management directors as a group, can direct questions to the board members or a director by regular mail to the Secretary at the address above or by e-mail at boardofdirectors@palatin.com. Stockholders or other interested parties may also submit their concerns anonymously or confidentially by postal mail.

Communications are distributed to the board, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication, unless the Secretary determines that the communication is unrelated to the duties and responsibilities of the board, such as product inquiries, resumes, advertisements, or other promotional material. Communications that are unduly hostile, threatening, illegal, or similarly unsuitable will also not be distributed to the board or any director. All communications excluded from distribution will be retained and made available to any non-management director upon request.

Board Role in Risk Oversight

Our board, as part of its overall responsibility to oversee the management of our business, considers risks generally when reviewing our strategic plan, financial results, business development activities, legal and regulatory matters. The board satisfies this responsibility through regular reports directly from our officers responsible for oversight of particular risks. The board's risk management oversight also includes full and open communications with management to review the adequacy and functionality of the risk management processes used by management, including, without limitation, the effects of the ongoing COVID-19 pandemic on our business. The board's role in risk oversight has no effect on the board's leadership structure. In addition, committees of the board assist in its risk oversight responsibility, including:

- The audit committee assists the board in its oversight of the integrity of the financial reporting and our compliance with applicable legal and regulatory requirements. It also oversees our internal controls and compliance activities and meets privately with representatives from our independent registered public accounting firm.
- The compensation committee assists the board in its oversight of risk relating to compensation policies and practices. The compensation committee annually reviews our compensation policies, programs, and procedures, including the incentives they create and mitigating factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to our company.

Board Leadership Structure

Since 2000, the roles of chairman of the board and chief executive officer have been held by separate persons. John K.A. Prendergast, Ph.D., a non-employee director, has served as Chairman of the board since June 2000. Carl Spana, Ph.D., has been our Chief Executive Officer and President since June 2000. Generally, the Chairman is responsible for advising the Chief Executive Officer, assisting in long-term strategic planning, and presiding over meetings of the board. The Chief Executive Officer, together with our Chief Financial Officer and Chief Operating Officer, is responsible for leading our day-to-day performance and operations. While we do not have a written policy with respect to separation of the roles of chairman of the board and chief executive officer, the board believes that the existing leadership structure, with the separation of these roles, provides several important advantages, including: enhancing the accountability of the chief executive officer to the board; strengthening the board's independence from management; assisting the board in reaching consensus on particular strategies and policies; and facilitating robust director, board, and executive officer evaluation processes.

Code of Corporate Conduct and Ethics

We have adopted a code of corporate conduct and ethics, updated as of March 8, 2021, that applies to all our directors, officers, and employees, including our Chief Executive Officer and Chief Financial Officer. You can view the code of corporate conduct and ethics at our website, www.palatin.com. We will disclose any amendments to, or waivers from, provisions of the code of corporate conduct and ethics that apply to our directors, principal executive officers, and financial officers in a current report on Form 8-K, unless the rules of the NYSE American permit website posting of any such amendments or waivers.

Our director compensation program is designed to enhance our ability to attract and retain highly qualified directors and to align their interests with the long-term interests of our stockholders. The program includes an equity component, which is designed to align the interests of non-employee directors and stockholders, and a cash component, which is designed to compensate non-employee directors for their service on the board. Directors who are employees of the Company receive no additional compensation for their service on the board.

The compensation committee annually reviews compensation paid to our non-employee directors and makes recommendations for adjustments, as appropriate, to the full board. As part of this annual review, the compensation committee considers the significant time commitment and skill level required by each non-employee director in serving on the board and its various committees. The compensation committee seeks to maintain a market competitive director compensation program and, with the assistance of its independent compensation consultant, Korn Ferry Hay Group, benchmarks our director compensation program against the peer group we use to evaluate our executive compensation program.

For the fiscal year ended June 30, 2020, fees for professional services rendered for the audit of our annual consolidated financial statements, review of our consolidated financial statements in our Forms 10-Q, and services provided in connection with comfort letters were \$329,000.

Audit-Related Fees. For the fiscal years ended June 30, 2021 and 2020, KPMG did not perform or bill us for any audit-related services.

Tax Fees. For the fiscal year ended June 30, 2021, KPMG billed us \$18,600 for professional services rendered for tax compliance services. For the fiscal year ended June 30, 2020, KPMG billed us \$23,600 for professional services rendered for tax compliance and consulting services.

All Other Fees. KPMG did not perform or bill us for any services other than those described above for the fiscal years ended June 30, 2021 and 2020.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors. Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the audit committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Before engaging the independent registered public accounting firm for the next year's audit, management will submit to the audit committee for approval an estimate of fees for services expected to be rendered during that year in each of four categories:

1. Audit services, including work that generally only our independent registered public accounting firm can reasonably be expected to provide, such as services provided in connection with regulatory filings, statutory audits and attest services and consultation regarding financial accounting and/or reporting standards;
2. Audit-related services, including assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits and special procedures required to meet certain regulatory requirements;
3. Tax services, including services performed by our independent registered public accounting firm's tax personnel except those services specifically related to the audit of the consolidated financial statements, including fees in the areas of tax compliance, tax planning and tax advice; and
4. All other services not described in the preceding categories. We generally do not request other services from our independent registered public accounting firm.

The audit committee pre-approves fees for each category of service. The fees are budgeted, and the audit committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent registered public accounting firm.

The audit committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next scheduled meeting.

Although stockholder approval of KPMG's appointment as our independent registered public accounting firm is not required by law or binding on the board or the audit committee, the board and the audit committee believe that stockholders should have an opportunity to express their views. In the event the stockholders do not ratify the appointment of KPMG as our independent registered public accounting firm, the audit committee will reconsider its appointment.

REPORT OF THE AUDIT COMMITTEE

The audit committee of the board of directors, which consists entirely of directors who meet the independence and experience requirements of the NYSE American, has furnished the following report:

The audit committee assists the board in overseeing and monitoring the integrity of its financial reporting process, compliance with legal and regulatory requirements and the quality of internal and external audit processes. This committee reviews and reassesses our charter annually and recommends any changes to the board for approval. The audit committee is responsible for overseeing our overall financial reporting process, and for the appointment, compensation, retention, and oversight of the work of KPMG LLP.

The audit committee has reviewed and discussed the audited consolidated financial statements for the fiscal year ended June 30, 2021 with Palatin's management and has discussed with KPMG LLP the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the SEC. In addition, the audit committee has received from KPMG LLP the written disclosures and a letter from KPMG LLP regarding its independence as required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP communications with the audit committee, and the audit committee further discussed with KPMG LLP its independence. The audit committee also considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process, among other factors, that the committee determined appropriate.

Based on these reviews and discussions, we recommended to the board of directors that the audited consolidated financial statements be included in Palatin's annual report on Form 10-K for the fiscal year ended June 30, 2021.

RECOMMENDATION OF THE BOARD

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2022.

[END OF ITEM TWO]

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

ITEM THREE: ADOPTION OF AN AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT

Reverse split amendment. On June 10, 2022, the board of directors adopted a resolution which authorizes, subject to stockholder adoption, declares advisable and recommends a series of alternative amendments to our restated certificate of incorporation to effect a reverse stock split of our Common Stock pursuant to the reclassification of our shares of Common Stock outstanding or held in treasury at a range between 10 (1:10) and twenty-five (1:25) (the "Split Range") shares of outstanding Common Stock into one outstanding share of new Common Stock (the "New Common Stock"). Each of these 16 alternative amendments would effect the reverse stock split at a different ratio of each whole number within the Split Range (*i.e.*, 1:10, 1:11, 1:12, through 1:25) and amend our restated certificate of incorporation in the form attached hereto as Appendix A to effect such reverse stock split at such applicable ratio. Item 3, if approved by the stockholders, would adopt each of the alternative amendments. Notwithstanding the foregoing, no such amendment or any reverse stock split will occur until a Certificate of Amendment in the form attached hereto as Appendix A is filed with the Secretary of State of the State of Delaware and becomes effective. If Item 3 is approved and the board decides to proceed with the reverse split, the board will determine the exact reverse split ratio within the Split Range. We will be able to file only one reverse split amendment and effect only one reverse split pursuant to this proposal.

Text of the reverse split amendment. The complete text of the reverse split amendment is set forth on Appendix A to this proxy statement.

Purpose and background of reverse split. A reverse split would decrease the number of shares of our Common Stock outstanding and issuable pursuant to options, warrants and shares of convertible preferred stock. We expect this to result in a higher market price for the New Common Stock than for our current Common Stock. The board believes the reverse split is important for the two reasons described in more detail below: first, to facilitate raising capital through equity financings by increasing available authorized shares, and second, to increase our share price to make holding our shares more attractive to institutional investors.

Raising Capital. We have one pharmaceutical product that is approved by the U.S. Food and Drug Administration (FDA), Vyleesi® for hypoactive sexual desire disorder (HSDD) in premenopausal women, which we are currently marketing in the United States. We are developing new melanocortin agonist products to treat inflammatory and autoimmune conditions which we believe will have substantial market potential, including PL9643 for dry eye disease and other indications and PL8177 for inflammatory bowel diseases. However, the cost is substantial to advance and complete development work, including establishing manufacturing capability, completing FDA required clinical trials, and submitting a New Drug Application to FDA for product approval. PL9643 is currently in a Phase 3 clinical trial, and if this trial is successful, an additional Phase 3 trial will be required as well as a safety trial. A Phase 2 trial evaluating the safety and efficacy of an oral formulation of PL8177 is planned to initiate the first half of calendar year 2022.

We are currently authorized to issue up to 300,000,000 shares of Common Stock, and approximately 89% of our authorized Common Stock is now issued, reserved for issuance on conversion of Series A Preferred Stock, or reserved for issuance under existing options and restricted stock units and stock incentive plans. No shares of our Common Stock is reserved for conversion of our outstanding Series B Preferred Stock and Series C Preferred Stock, and there is not sufficient Common Stock to permit such conversion. The number of authorized shares of Common Stock is insufficient for future financings that will be required to continue product development, and to take certain actions designed to increase value to stockholders, including, without limitation, strategic acquisitions, or granting equity incentives to key employees or contractors, such as through options, warrants or other stock-based awards.

The reverse split would decrease the number of shares of Common Stock outstanding, but would not change the authorized number of shares of Common Stock, which would remain at 300,000,000 shares of Common Stock.

While we have approximately \$47.3 million in cash and cash equivalents as of December 31, 2021, this is insufficient to complete development of our clinical-stage products, such as PL9643 and PL8177, and to establish marketing, sales, and distribution capability for Vyleesi. If the reverse stock split is not authorized, we will have difficulty raising funds through Common Stock equity offerings, and may be forced to raise funds through alternative means, which may ultimately be detrimental to existing stockholders. Such financings actions may include:

- Issuance of preferred stock which would have rights and preferences superior to Common Stock, which may be more dilutive than issuing Common Stock;
- Entering into license or similar agreements relating to one or more of our products, which may require us to relinquish valuable rights to our technologies or product candidates, or grant licenses on terms that are not favorable to us, and ultimately raise less money than through the issuance of Common Stock; and
- Entering into debt facilities and/or product-specific financing agreements with financial or investment institutions, which may significantly reduce prospective upfront license or similar payments and revenues or royalties on the sale of our products.

The alternative financing actions described above may not require approval of the holders of Common Stock. For example, the board may set the terms for and issue preferred stock without seeking approval from holders of Common Stock. Such preferred stock may have conversion rights to Common Stock contingent on an increase in the number of authorized shares of Common Stock and may rank senior to our Common Stock in terms of dividend priority or liquidation preference, and may be entitled to more votes per share than our Common Stock. Similarly, entering into license agreements, debt facilities and product-specific financing agreements will not, in most instances, require approval from holders of Common Stock.

Risks of Non-Approval. If we are unable to issue Common Stock to raise the additional capital required to complete the development of our clinical-stage products, such as PL9643 and PL8177, and to establish effective and successful marketing, sales and distribution capability for Vyleesi, we may be required to materially and significantly curtail product development and reduce or eliminate marketing, sales and/or distribution activities and capability for Vyleesi. This will most likely adversely affect our perceived market value and stock price of our Common Stock, to the detriment of our stockholders. We believe that having the option and ability to raise additional capital through sales of our authorized but unissued shares of Common Stock is necessary to enhance value for our stockholders, including providing means for future financings required to advance our development programs and realize stockholder value.

For the reasons described above and discussed in further detail below, the board and management believe it is in the best interests of Palatin and its stockholders to authorize the amendment effecting the reverse stock split, which if implemented will have the effect of increasing the number of authorized but shares of Common Stock that are not issued or reserved for issuance.

The following table shows our Common Stock outstanding and issuable or reserved for issuance as of May 23, 2022.

	COMMON STOCK OUTSTANDING OR RESERVED
Common Stock outstanding	231,773,670
Shares of Common Stock issuable upon conversion of Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock	66,059

**COMMON
STOCK
OUTSTANDING
OR RESERVED**

Shares of Common Stock issuable upon exercise of outstanding warrants	0
Shares of Common Stock issuable upon exercise or vesting of outstanding stock options and restricted stock units under all plans	34,488,287
Shares of Common Stock available for issuance under our 2011 Stock Incentive Plan	1,135,034
Total	267,463,050

The board of directors believes it is in the best interests of Palatin and its stockholders to have sufficient additional authorized but unissued shares of Common Stock available in order to provide flexibility for corporate action in the future. Management believes that the availability of additional authorized shares of Common Stock for issuance from time to time in the board's discretion, such as in connection with stock options and rights, including our 2011 Stock Incentive Plan, future financings to ensure the advancement of our development programs, incentives for key contractors, possible acquisitions of other product assets or companies, investment opportunities or for other corporate purposes, is desirable to allow Palatin to enter into such transactions in a timely way.

We currently have no specific understandings, arrangements, agreements, or other plans to issue, in connection with future financings, acquisitions or otherwise, any of the authorized shares of Common Stock that are not issued or reserved for issuance and would be available as a result of the amendment to effect a reverse stock split of our Common Stock. However, the board believes that the currently authorized shares that have not been issued or reserved for issuance do not provide sufficient flexibility for corporate action in the future, including future financings.

No guarantee of success. We believe it is likely that the per share market price of our Common Stock will increase after a reverse split. However, we cannot guarantee that our Common Stock price will increase, and even if it does, we cannot guarantee that the price increase:

- will be proportionate to the reverse split ratio;
- will last in the marketplace for any length of time;
- will be sufficient to meet the listing requirements of the NYSE American; or
- will be sufficient to facilitate raising capital.

Criteria to be used in deciding to apply the reverse split. If the stockholders approve this Item 3, the board or a committee of the board will have the authority to proceed with the reverse split. In determining whether to proceed with the reverse split and setting the exact ratio of the split, if any, the board or committee may consider a number of factors, including additional funding requirements, the number of our authorized shares of Common Stock that have not been issued or reserved for issuance, market conditions, existing and expected trading prices of our Common Stock and NYSE American listing requirements. We anticipate that the reverse split, if the board or committee determines to proceed with the reverse split, will be implemented in conjunction with an equity financing or other transaction.

Range of exchange ratios. The purpose of seeking stockholder adoption of a series of alternative amendments with a split ratio at each whole number within the Split Range of one-for-ten to one-for-twenty-five (rather than a fixed split ratio) is to provide us with the flexibility to achieve the desired results of the reverse split. If the stockholders approve this proposal and the board decides to proceed with the reverse split, the board will determine the exact reverse split ratio within the Split Range. We will be able to file only one reverse split amendment and effect only one reverse split pursuant to this proposal and, as a result, each other amendment providing for the reverse stock split at each other ratio within the Split Range that the board does not decide to proceed with will be abandoned without further action by the stockholders pursuant to Section 242(c) of the Delaware General Corporation Law.

Effective date of reverse split. If the stockholders approve this proposal, and if the board then determines to proceed with the reverse split, it will become effective when we file the reverse split amendment with the Delaware Secretary of State or such other future effective time set forth therein. This could be on any date or time after this annual meeting and before June 24, 2023. If the board determines not to proceed with the reverse split, the board may abandon each reverse split amendment pursuant to Section 242(c) of the Delaware General Corporation Law.

No appraisal rights. Stockholders will not have dissenters' or appraisal rights under the Delaware General Corporation Law or under the restated certificate of incorporation in connection with the proposed reverse stock split or any amendment to the restated certificate of incorporation in connection therewith.

Material effects of the reverse split. The following table shows the approximately numerical effect of the reverse split on shares of our Common Stock as of May 23, 2022, at the minimum split ratio of one-for-ten and at the maximum split ratio of one-for-twenty-five. The actual reverse split ratio could be one-for any whole number within the Split Range on or between those two endpoints.

Effect of Reverse Split

	Common Stock authorized, outstanding or reserved	New Common Stock	
		One-for-ten split ratio	One-for- twenty-five split ratio
Common Stock authorized	300,000,000	300,000,000	300,000,000
Common Stock outstanding	231,773,670	23,177,367	9,270,946
Shares of Common Stock issuable upon conversion of Series A Preferred Stock	66,059	6,605	2,642
Shares of Common Stock issuable upon conversion of Series B and Series C Preferred Stock (1)			
Shares of Common Stock issuable upon exercise of outstanding options and restricted stock units	34,488,287	3,448,828	1,379,531
Shares of Common Stock issuable under our 2011 Stock Incentive Plan (2)	1,135,034	113,503	45,401

- (1) Assumes that Series B and Series C Preferred Stock are converted to Common Stock. The holders of Series B and Series C Preferred Stock have the right to (a) convert into shares of Common Stock, (b) redeem the shares of Series B and Series C Preferred Stock, or (c) convert the shares of Series B and Series C Preferred Stock into long-term debt.
- (2) If Item 4 at the 2022 annual meeting is approved, our 2011 Stock Incentive Plan would be amended to increase the number of shares available for equity awards by 15,000,000 shares, subject to adjustment as New Common Stock if the reverse split is implemented. At a one-for-ten split ratio the increase in the 2011 Stock Incentive Plan would be 1,500,000 New Common Stock shares, and at a one-for-twenty-five split ratio the increase in the 2011 Stock Incentive Plan would be 600,000 New Common Stock shares.

The number of shares of Common Stock issuable upon exercise, vesting or conversion of all outstanding options, warrants and convertible preferred stock will automatically be reduced by a factor equal to the split ratio. The reverse stock split will also increase the exercise price of options and warrants by a factor of from ten to twenty-five, depending on the actual reverse split ratio. The reverse stock split will be effected simultaneously for all issued and outstanding shares of Common Stock and the reverse stock split ratio will be the same for all issued and outstanding shares of Common Stock. The reverse split would not affect any stockholder's proportionate equity interest in Palatin, except for the effect on certain stockholders receiving cash in lieu of fractional shares. The reverse stock split will not otherwise affect any rights of holders of our securities.

The reverse split will have no effect on the number of our authorized shares of Common Stock or preferred stock or on the par value of the stock. The shares of New Common Stock issued in the reverse split will be fully paid and non-assessable. The reverse split will not affect the voting and other rights of Common Stock or preferred stock. The reverse stock split will not result in any change in Palatin's business, management, assets, liabilities or net worth.

The reverse stock split will result in some stockholders holding odd lots of the New Common Stock (blocks of less than 100 shares). Because broker/dealers typically charge a higher commission to complete trades in odd lots of securities, the transaction costs may increase for those stockholders who will hold odd lots after the reverse stock split.

No fractional shares. We will not issue any fractional shares that would result from the reverse split. Instead, we will pay to each holder who would otherwise be entitled to receive a fractional share of New Common Stock pursuant to the reverse split the cash value of such fraction of a share of New Common Stock determined by (i) the average closing price of the Common Stock for the five trading days immediately preceding the effective date of the reverse split, multiplied by (ii) the number of shares of Common Stock outstanding immediately prior the effectiveness of the reverse split that were reclassified into such fractional share pursuant to the reverse split.

Mechanics of the reverse split. Assuming the reverse stock split is implemented following approval of Item 3 by our stockholders, this is how it will work:

- If your shares are held in "street name" – that is, through an account at a brokerage firm, bank or other holder of record, the number of shares you hold will automatically be adjusted to reflect the reverse stock split.
- If your shares are registered directly in your name with our transfer agent, American Stock, and your shares are held in book-entry form (i.e., your shares are not represented by a physical stock certificate), the number of shares you hold will automatically be adjusted to reflect the reverse stock split. You will be sent a transmittal letter by American Stock. You will need to return a properly completed and duly executed transmittal letter to American Stock in order to receive any cash payment in lieu of fractional shares or any other distributions, if any, that may be declared and payable to holders of record.
- If your shares are registered directly in your name with American Stock and your shares are held in certificated form (that is, your shares are represented by one or more physical stock certificates), you will receive a transmittal letter asking you to surrender your certificate(s) representing pre-split shares in exchange for a New Common Stock certificate representing the post-split shares of New Common Stock that you will hold immediately following the reverse split. You will need to return a properly completed and duly executed transmittal letter, together with your certificate(s) representing pre-split shares, to American Stock in order to receive a New Common Stock certificate and any cash payment in lieu of fractional shares or any other distributions, if any, that may be declared and payable to holders of record following the reverse stock split.

Whether your shares are held in street name or directly, we will not issue fractional shares of Common Stock to you as described above under the heading “*No fractional shares*”. If your shares are held in street name, payment for the fractional shares will be deposited directly into your account with the organization holding your shares.

Federal income tax consequences. The following is a summary of the material anticipated Federal income tax consequences of the reverse split to our stockholders. This summary is based on the Federal income tax laws as now in effect and as currently interpreted; it does not take into account possible changes in the tax laws or interpretations, including amendments to applicable statutes, regulations and proposed regulations or changes in judicial or administrative rulings, some of which may have retroactive effect. This summary does not purport to address all aspects of the possible Federal income tax consequences of the reverse split and is not intended as tax advice to any person. In particular, and without limiting the foregoing, this summary does not consider the Federal income tax consequences to stockholders in light of their individual investment circumstances or to holders subject to special treatment under the Federal income tax laws (for example, life insurance companies, financial institutions, tax-exempt organizations, regulated investment companies and foreign taxpayers).

The summary does not address any consequence of the reverse split under any state, local or foreign tax laws.

We will not obtain a ruling from the Internal Revenue Service regarding the Federal income tax consequences to our stockholders as a result of the reverse split. Accordingly, WE ENCOURAGE EACH STOCKHOLDER TO CONSULT THEIR TAX ADVISOR REGARDING THE SPECIFIC TAX CONSEQUENCES OF THE POTENTIAL REVERSE SPLIT, INCLUDING THE APPLICATION AND EFFECT OF STATE, LOCAL AND FOREIGN INCOME AND OTHER TAX LAWS.

The reverse split is intended to qualify as a “recapitalization” as described in Section 368(a)(1) of the Internal Revenue Code of 1986, as amended (the “Code”). Consequently, neither we nor any stockholder will recognize any gain or loss. For exchanging stockholders, the aggregate basis of the shares of New Common Stock received in the reverse split (excluding any fractional share for which cash is received) will be the same as the aggregate basis of the shares of Common Stock reclassified into such shares of New Common Stock in the reverse split. Similarly, the holding period for New Common Stock received as a result of the reverse stock split will include the holding period of the shares of Common Stock surrendered in exchange thereof.

RECOMMENDATION OF THE BOARD

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADOPTION OF THE AMENDMENT TO OUR RESTATED CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF OUR COMMON STOCK AT A RATIO WITHIN THE SPLIT RANGE TO BE DETERMINED BY OUR BOARD OF DIRECTORS.

[END OF ITEM THREE]

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

ITEM FOUR: APPROVAL OF AN INCREASE IN COMMON STOCK AVAILABLE FOR ISSUANCE UNDER OUR 2011 STOCK INCENTIVE PLAN

The Company is asking stockholders to approve an amendment to its 2011 Stock Incentive Plan, as amended and restated (the “2011 Plan”) in order to increase the number of shares available for equity awards under the 2011 Plan by 15,000,000 shares, from 42,500,000 shares to 57,500,000 shares and to extend the term of the 2011 Plan from March 10, 2025 to March 10, 2030.

INCREASE IN PLAN SHARES

On June 10, 2022, the board authorized an increase in the number of shares of Common Stock available for issuance under the 2011 Plan from 42,500,000 shares to 57,500,000 shares. 3,500,000 shares were initially available under the 2011 Plan. An increase of 3,500,000 shares, to a total of 7,000,000 shares, was authorized by the board of directors on April 25, 2013, and approved by stockholders on June 27, 2013. An increase of 3,000,000 shares, to a total of 10,000,000 shares, together with amendments to and restatement of the 2011 Plan, was authorized by the board of directors on March 3, 2015, and approved by stockholders on June 9, 2015. An increase of 2,500,000 shares, to a total of 12,500,000 shares, was authorized by the board of directors on April 1, 2016, and approved by the stockholders on June 9, 2016. An increase of 10,000,000 shares, to a total of 22,500,000, was authorized by the board of directors on March 30, 2017, and approved by the stockholders on June 8, 2017. An increase of 10,000,000 shares, to a total of 32,500,000, was authorized by the board of directors on April 5, 2018 and approved by the stockholders on June 26, 2018. An increase of 10,000,000 shares, to a total of 42,500,000, was authorized by the board of directors on March 24, 2020 and approved by the stockholders on June 25, 2020. Additionally, 988,696 shares have been available under the 2011 Plan upon reversion from its predecessor plan, our 2005 Stock Plan (the “Prior Plan”). All of the delivered shares under restricted stock units are no longer available for issuance, and shares under restricted stock units that have vested but not been delivered are no longer available for issuance unless the restricted share units are forfeited by reason of termination for cause.

Reasons for Amendment. As of May 23, 2022, the number of shares issued or potentially issuable under all options and stock awards was 34,488,287, which leaves only 1,135,034 shares available for future grants of awards under the 2011 Plan (excluding shares underlying the awards described below under “New Plan Benefits”). The board believes that it will not be able to continue carrying out the purposes of the 2011 Plan for more than one additional year unless additional stock becomes available for issuance.

By reserving an additional 15,000,000 shares for issuance under the 2011 Plan, a total of 16,135,034 shares will be available for future issuance, subject to adjustment in the event that Item 3 is approved and the reverse stock split is implemented. We expect that the shares authorized for issuance under the 2011 Plan will meet our equity compensation needs for the next several years.

The board considers equity-based compensation an essential tool to attract, motivate and retain our officers, key employees and directors and to align their interests with the interests of our stockholders. If we are unable to grant equity awards in the future, we may be required to increase the cash component of our compensation mix, which would inhibit our ability to meet our compensation objectives, including aligning our executives’ and directors’ interests with the interests of our stockholders and motivating our executives over a long-term horizon. As a result, the board believes that it is in the best interests of the Company and its stockholders for our stockholders to approve the amendment to the 2011 Plan. In determining the number of additional shares to reserve for issuance under the amended 2011 Plan, our board considered our burn rate (see below), the potential dilution resulting from the proposed increase (see below), and advice provided by the compensation committee’s independent compensation consultant.

[Table of Contents](#)

Effect of Reverse Stock Split Proposal. If Item 3, an amendment to our restated certificate of incorporation to effect a reverse stock split of our Common Stock, is approved and the board determines that the reverse split is in the best interests of Palatin and its stockholders and implements the reverse split, the number of shares available for issuance under the 2011 Plan will be proportionately adjusted. At a one-for-ten split ratio the increase in the number of shares available for issuance under the 2011 Plan would become 1,500,000 New Common Stock shares, and at a one-for-twenty-five split ratio the increase in the number of shares available for issuance under the 2011 Plan would become 600,000 New Common Stock shares. Outstanding options, restricted stock units, vested restricted stock units with deferred delivery and other Common Stock-based awards would be similarly adjusted. The reverse stock split under Item 3 would result in a reduction in the number of shares subject to outstanding equity awards proportional to the split ratio (rounded down to the nearest whole share) and result in a proportionate increase in the exercise price of outstanding stock options (rounded up to the nearest whole cent).

Burn Rate. A key equity metric utilized by the board in determining awards under the 2011 Plan is our “burn rate,” which is generally the total number of shares we award pursuant to the 2011 Plan each year relative to our weighted average number of shares of Common Stock outstanding. As noted above, our board considered our burn rate in determining the number of additional shares to reserve for issuance under the 2011 Plan. The following table shows our use of equity under the 2011 Plan during the last three fiscal years:

YEAR	TIME-BASED RSUS	PERFORMANCE-BASED RSUS (AT TARGET)	TIME-BASED STOCK OPTIONS	PERFORMANCE-BASED STOCK OPTIONS (AT TARGET)	TOTAL AWARDS	WEIGHTED AVERAGE # OF COMMON SHARES	BURN RATE
2019	896,725	620,725	2,340,200	0	3,857,650	207,677,721	1.86%
2020	2,080,966	1,316,984	3,597,266	2,182,584	9,177,800	234,684,776	3.91%
2021	2,235,770	1,008,580	3,310,905	235,195	6,790,450	236,650,101	2.87%
Average Burn Rate (2019-2021)							2.88 %

Overhang. Overhang measures the dilutive impact of equity programs. Our overhang is equal to the number of shares of our Common Stock subject to outstanding equity awards plus the number of shares available to be granted, divided by the total shares of Common Stock outstanding. The 15,000,000 shares of Common Stock being requested under the 2011 Plan would bring our aggregate overhang in 2022 to approximately 21.84%.

Plan Highlights. The 2011 Plan authorizes the grant of equity-based and cash-based compensation to our key employees, consultants and non-employee directors in the form of stock options, stock appreciation rights (“SARs”), restricted shares, restricted stock units, other share-based awards and cash-based awards. Some of the key features of the 2011 Plan, assuming authorization of an increase in the number of shares of Common Stock available for issuance (and without giving effect to any reverse stock split contemplated by Item 3), are highlighted below and are more fully described under the heading “Summary of the Plan.”

- The maximum number of shares that may be issued under the 2011 Plan is 57,500,000, plus the number of shares available to be granted under the Prior Plan on May 11, 2011, the date of the initial stockholder approval of the 2011 Plan, and shares which become available under the 2011 Plan if they are forfeited or otherwise become available under the Prior Plan on or after May 11, 2011.
- The 2011 Plan does not permit what has been labeled by some stockholder groups as “liberal share counting” when determining the number of shares that have been granted. Only awards that are cancelled, forfeited or which are paid in cash can be added back to the share reserve.
- Dividends or dividend equivalents provided with respect to awards will be accumulated or deemed reinvested until such award is earned and vested, including the satisfaction of any service vesting conditions and any applicable performance goals.
- The 2011 Plan prohibits the use of “discounted” stock options or SARs.
- The 2011 Plan prohibits the re-pricing of stock options and SARs without stockholder approval.
- Any awards granted under the 2011 Plan are subject to forfeiture or repayment if a participant has engaged in detrimental activity (as described below). Awards may also be subject to forfeiture or repayment pursuant to the terms of any compensation recovery policy adopted to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any rules issued by the SEC or the NYSE American.

SUMMARY OF THE 2011 PLAN

The following is a summary of the 2011 Plan and is qualified in its entirety by reference to the full text of the 2011 Plan, which is attached as Appendix A to this Proxy Statement. If our stockholders do not approve the amendment to the 2011 Plan, the share increase to the 2011 Plan will not take effect. However, the 2011 Plan will remain in full effect according to its existing terms, and we will be able to continue to make awards under the 2011 Plan subject to existing authorized share limits.

Plan Limits. Assuming stockholder approval of the amendment to the 2011 Plan, the maximum number of shares of our Common Stock that may be issued or transferred with respect to awards under the 2011 Plan will be 57,500,000, plus the number of shares available to be granted under the Prior Plan on May 11, 2011, and shares that become available under the 2011 Plan if they are forfeited or otherwise become available under the Prior Plan on or after May 11, 2011, subject to adjustment in the event that the reverse stock split is effected. Shares issued or delivered pursuant to an award under the 2011 Plan may include authorized but unissued shares, treasury shares, or a combination of the foregoing. Shares covering awards that terminate or are forfeited, or shares that are returned to the company pursuant to a compensation recovery policy, will again be available for issuance under the 2011 Plan, and upon payment in cash of the benefit provided by any award granted under the 2011 Plan, any shares that were covered by that award will be available for issue or transfer under the 2011 Plan.

Notwithstanding the foregoing, shares surrendered for the payment of the exercise price under stock options, repurchased by us with option proceeds, or withheld for taxes upon exercise or vesting of an award, are not again available for issuance under the 2011 Plan. In addition, if a stock

appreciation right is exercised and settled in shares, all of the shares underlying the stock appreciation right are counted against the 2011 Plan limit regardless of the number of shares used to settle the stock appreciation right.

In order to comply with the rules applicable to incentive stock options, the 2011 Plan provides that all of the shares available may be issued as incentive stock options. In addition, the 2011 Plan provides that the maximum value of grants in any calendar year under the 2011 Plan to non-employee members of the board of directors, taken together with any cash fees paid to such person during such calendar year, shall not exceed \$350,000, with the aggregate grant fair value determined as of the applicable date or dates of grant in accordance with applicable financial accounting rules.

Administration. The 2011 Plan is administered by our compensation committee or such other committee as our board selects consisting of two or more directors, each of whom is intended to be a “non-employee director” within the meaning of Rule 16b-3 of the Exchange Act, an “outside director” under regulations promulgated under Section 162(m) of the Code, and an “independent director” under the NYSE American listing standards. The compensation committee has full and final authority in its discretion to take all actions determined to be necessary in the administration of the 2011 Plan.

Our board may reserve to itself any or all of the authority and responsibility of the compensation committee under the 2011 Plan or may act as administrator of the 2011 Plan for any and all purposes. In addition, to the extent permitted by applicable laws, our board or compensation committee may expressly delegate to one or more directors or officers some or all of the compensation committee’s authority, within specified parameters, to administer the 2011 Plan.

Eligibility. The 2011 Plan provides that awards may be granted to our employees (including employees of our subsidiaries), consultants and non-employee directors who are selected by the compensation committee, in its discretion, except that incentive stock options may be granted only to employees. Six non-employee directors and 31 employees, together with consultants we utilize, would currently be eligible to participate in the 2011 Plan.

Duration and Modification. The 2011 Plan will terminate on March 10, 2030, or such earlier date as our board of directors may determine. The 2011 Plan will remain in effect for outstanding awards until no awards remain outstanding. The board may amend, suspend or terminate the 2011 Plan at any time but stockholder approval is required for any further amendment to the extent necessary to comply with the NYSE American rules or applicable laws. An amendment of the 2011 Plan or any award may not adversely affect in a material way any outstanding award without the consent of the affected participant, provided that the compensation committee may amend the plan or any award without a participant's consent to the extent the compensation committee deems necessary to comply with applicable law.

Stock Options. Our compensation committee may, at any time and from time to time, grant stock options to participants in such number as the compensation committee determines in its discretion. Stock options may consist of incentive stock options ("ISOs"), non-qualified stock options or any combinations of the foregoing awards.

Stock options provide the right to purchase common shares at a price not less than their fair market value on the date of grant (which date may not be earlier than the date that the compensation committee takes action with respect to such grants). The fair market value of our Common Stock as reported on the NYSE American on the Record Date, May 12, 2022, was \$0.33 per share. No stock options may be exercised more than 10 years from the date of grant.

Each grant must specify (i) the period of continuous employment that is necessary (or the performance objectives that must be achieved) before the stock options become exercisable, and (ii) the extent to which the option holder will have the right to exercise the stock options following termination. Our compensation committee will determine the terms in its discretion, which terms need not be uniform among all option holders. No dividend equivalents may be provided with respect to any award of stock options.

The option price is payable at the time of exercise (i) in cash, (ii) by tendering unrestricted shares of our Common Stock that are already owned by the option holder and have a value at the time of exercise equal to the option price, (iii) by a cashless exercise (including by withholding shares deliverable upon exercise and through a broker-assisted arrangement to the extent permitted by applicable law), (iv) by any combination of the foregoing methods of payment, or (v) through any other method approved by the compensation committee.

Stock Appreciation Rights. Our compensation committee may, at any time and from time to time, grant SARs to participants in such number as the compensation committee determines in its discretion. The grant price for each SAR will be determined by the compensation committee, in its discretion, and will be at least equal to the fair market value of a share on the date of grant. No SAR may be exercised more than 10 years from the date of grant.

Upon the exercise of a SAR, the holder is entitled to receive payment in an amount determined by multiplying (i) the excess of the fair market value of a common share on the date of exercise over the grant price, by (ii) the number of shares with respect to which the SAR is exercised. Each grant will specify whether the payment will be in cash, common shares of equivalent value, or in some combination thereof.

Each grant of a SAR must specify (i) the period of continuous employment that is necessary (or the performance objectives that must be achieved) before the SAR becomes exercisable and (ii) the extent to which the holder will have the right to exercise the SAR following termination. Our compensation committee will determine these terms in its discretion, and these terms need not be uniform among all participants. No dividend equivalents may be provided with respect to any award of SARs.

Restricted Shares. Our compensation committee may, at any time and from time to time, grant or sell restricted shares to participants in such number as the compensation committee determines in its discretion.

An award of restricted shares constitutes an immediate transfer of ownership of a specified number of common shares to the recipient in consideration of the performance of services. Unless otherwise provided by the compensation committee, the participant is entitled immediately to voting, dividend and other ownership rights in the shares. However, any dividends with respect to unvested restricted shares will be accumulated or reinvested subject to the same terms and conditions as the restricted shares. The transfer may be made without additional consideration or in consideration of a payment by the recipient that is less than the fair market value per share on the date of grant.

Restricted shares must be subject to a “substantial risk of forfeiture,” within the meaning of Section 83 of the Code, based on continued service, the achievement of performance objectives, or upon the occurrence of other events as determined by our compensation committee, at its discretion. In order to enforce these forfeiture provisions, the transferability of restricted shares will be prohibited or restricted in the manner prescribed by the compensation committee on the date of grant for the period during which such forfeiture provisions are to continue.

Restricted Share Units. Our compensation committee may, at any time and from time to time, grant or sell restricted share units, which are also sometimes called “restricted stock units,” to participants in such number as the compensation committee determines in its discretion.

Restricted share units constitute an agreement to deliver common shares to the recipient in the future at the end of a restriction period and subject to the fulfillment of such conditions as the compensation committee may specify. To the extent earned, the participant will receive payment of such performance-based restricted share units at the time and in the manner determined by our compensation committee, in cash, common shares, restricted shares, or any combination thereof.

During the restriction period the participant has no right to transfer any rights under his or her award and no right to vote or receive dividends on the shares covered by the restricted share units, but the compensation committee may authorize the payment of dividend equivalents with respect to the restricted share units on a deferred basis, either accumulated or deemed reinvested until vesting of the underlying award.

Other Share-Based Awards. Our compensation committee may, at any time and from time to time, grant or sell other share-based awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of our Common Stock or factors that may influence the value of such shares. For example, the awards may include common shares granted as a stock bonus, convertible or exchangeable debt securities or other securities, purchase rights for shares, or awards with value and payment contingent upon performance of our company or our subsidiaries or other factors determined by the compensation committee.

The compensation committee will determine the terms and conditions of these other share-based awards. Common shares delivered pursuant to these types of awards will be purchased for such consideration, by such methods and in such forms as the compensation committee determines. Other share-based awards may be granted with a right to receive dividend equivalents on a deferred basis, either accumulated or deemed reinvested until vesting of the underlying award.

Cash-Based Awards. We may also grant cash-based awards under the 2011 Plan. A cash-based award gives a participant a right to receive a specified amount of cash, subject to terms and conditions established by the compensation committee, which may include continued service and/or the achievement of performance objectives.

Performance Objectives. Our compensation committee may condition the vesting, exercise or payment of any award upon the achievement of one or more performance objectives. Performance objectives may be described in terms of either company-wide objectives or objectives that are related to the performance of the individual participant or the performance of our company or one or more of its subsidiaries, divisions, departments, units, functions, partnerships, joint ventures or minority investments, product lines or products, or the performance of an individual participant. The performance objectives may be relative to the performance of a group of comparable companies, a published or special index that our compensation committee, in its discretion, deems appropriate, or we may also select performance objectives as compared to various stock market indices.

For example, performance objectives may be based on one or more of the following criteria: revenues, earnings from operations, operating income, earnings before or after interest and taxes, operating income before or after interest and taxes, net income, cash flow, earnings per share, return on total capital, return on invested capital, return on equity, return on assets, total return to stockholders, earnings before or after interest, or extraordinary or special items, operating income before or after interest, taxes, depreciation, amortization or extraordinary or special items, return on investment, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital, operating margin, profit margin, contribution margin, stock price and/or strategic business criteria consisting of one or more objectives based on meeting specified product development, strategic partnering, research and development milestones, clinical trial status, product approvals in geographic regions, market penetration, geographic business expansion goals, cost targets, customer satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures. The performance objectives may be calculated without regard to extraordinary items or adjusted, as the compensation committee deems equitable, in recognition of unusual or non-recurring events affecting our company or its subsidiaries or changes in applicable tax laws or accounting principles.

Acceleration of Awards. Our compensation committee may in its discretion determine at any time that: (i) all or a portion of a participant's stock options, SARs and other awards in the nature of rights that may be exercised will become fully or partially exercisable; (ii) all or a part of the time-based vesting restrictions on all or a portion of the outstanding awards will lapse; (iii) any performance-based criteria with respect to any awards will be deemed to be wholly or partially satisfied; and/or (iv) any other limitation or requirement under any such award will be waived, in each case, as of such date as the compensation committee, in its discretion, declares. Any such decisions by the compensation committee need not be uniform among all participants or awards. The compensation committee will not make any adjustment that would cause an award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A or that would cause an award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A.

Change in Control. If we experience a change in control, the compensation committee generally has discretion to take action with respect to outstanding awards, including, without limitation, the ability to (i) accelerate the vesting, settlement or exercisability of an award; (ii) cancel an award in exchange for a cash payment; (iii) cancel a stock option or SAR without payment if the fair market value of a share on the date of the change in control does not exceed the exercise price per share of the stock option or SAR; or (iv) issue substitute awards.

A change in control generally means any of the following: (i) the acquisition of 50% or more of our outstanding voting securities; (ii) a change in the membership of our board of directors, so that the current incumbents and their approved successors no longer constitute a majority; (iii) consummation of a merger, reorganization or consolidation, unless the owners of our voting securities own 50% or more of the resulting corporation; or (iv) the sale or other disposition of all or substantially all of our assets.

Forfeiture or Repayment of Awards. If a participant has engaged in detrimental activity, then, upon notice from the compensation committee, the participant shall forfeit all outstanding awards, return any shares held by the participant that were acquired under the 2011 Plan within two years prior to the date of participant's initial commencement of the detrimental activity, and repay the company in cash for any shares that were acquired under the 2011 Plan within two years prior to the date of participant's initial commencement of the detrimental activity, but previously disposed of by the participant. Detrimental activity generally means violations of any non-compete, non-solicitation, confidentiality, or ownership of works covenants, each as set forth in any agreement between the participant and the company or a subsidiary, including, but not limited to, the award agreement or any severance plan maintained by the company or a subsidiary that covers the participant. Detrimental activity also includes (i) participant's commission of any act of fraud, misappropriation or embezzlement against or in connection with the company or any of its subsidiaries, or (ii) a conviction, guilty plea or plea of nolo contendere of participant for any crime involving dishonesty or for any felony.

Awards may also be subject to forfeiture or repayment pursuant to the terms of any compensation recovery policy adopted to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any rules issued by the SEC or the NYSE American.

Transferability. Except as our board of directors or compensation committee otherwise determines, awards granted under the 2011 Plan will not be transferable by a participant other than by will or the laws of descent and distribution. Except as otherwise determined by our compensation committee, any stock options and SARs will be exercisable during a participant's lifetime only by him or her or, in the event of the participant's legal incapacity to do so, by his or her guardian or legal representative. Any award made under the 2011 Plan may provide that any common shares issued or transferred as a result of the award will be subject to further restrictions upon transfer.

Adjustments. In the event of any equity restructuring, such as a stock dividend, stock split (including the reverse stock split under Item 3), spinoff, rights offering or recapitalization through a large, nonrecurring cash dividend, our compensation committee will adjust the number and kind of shares that may be delivered under the 2011 Plan, the individual award limits, and, with respect to outstanding awards, the number and kind of shares subject to outstanding awards, the exercise price, and the grant price or other price of shares subject to outstanding awards, to prevent dilution or enlargement of rights. In the event of any other change in corporate capitalization, such as a merger, consolidation or liquidation, the compensation committee may, in its discretion, cause there to be such equitable adjustment as described in the foregoing sentence, to prevent dilution or enlargement of rights. Any such adjustment will be made by our compensation committee, whose determination will be conclusive.

Prohibition on Re-Pricing. Subject to adjustment as described under "Adjustments" immediately above, the 2011 Plan does not permit, without the approval of our stockholders, what is commonly known as the "re-pricing" of stock options or SARs, including:

- an amendment to reduce the exercise price of any outstanding stock option or base price of any outstanding SAR;
- the cancellation of an outstanding stock option or SAR and replacement with a stock option having a lower exercise price or with a SAR having a lower base price; and
- the cancellation of an outstanding stock option or SAR and replacement with another award under the 2011 Plan.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion is limited to a summary of the U.S. federal income tax provisions relating to the grant, exercise and vesting of awards under the 2011 Plan. The tax consequences of awards may vary according to country of participation. Also, the tax consequences of the grant, exercise or vesting of awards vary depending upon the particular circumstances, and it should be noted that income tax laws, regulations and interpretations change frequently. Participants should rely upon their own tax advisors for advice concerning the specific tax consequences applicable to them, including the applicability and effect of state, local and foreign tax laws.

Tax Consequences to Participants

Nonqualified Stock Options. In general, (i) a participant will not recognize income at the time a nonqualified option is granted; (ii) a participant will recognize ordinary income at the time of exercise in an amount equal to the excess of the fair market value of the shares on the date of exercise over the option price paid for the shares; and (iii) at the time of sale of shares acquired pursuant to the exercise of the nonqualified option, appreciation (or depreciation) in value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Incentive Stock Options. A participant will not recognize income at the time an ISO is granted or exercised. However, the excess of the fair market value of the shares on the date of exercise over the option price paid may constitute a preference item for the alternative minimum tax. If shares are issued to the optionee pursuant to the exercise of an ISO, and if no disqualifying disposition of such shares is made by such optionee within two years after the date of the grant or within one year after the issuance of such shares to the optionee, then upon sale of such shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss. If shares acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares as of the time of exercise (or, if less, the amount realized on the disposition of such shares if a sale or exchange) over the option price paid for such shares. Any further gain (or loss) realized by the participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

SARs. A participant will not recognize income upon the grant of a SAR. The participant generally will recognize ordinary income when the SAR is exercised in an amount equal to the cash and the fair market value of any unrestricted shares received on the exercise.

Restricted Shares. A participant will not be subject to tax until the shares of restricted shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code. At that time, the participant will be subject to tax at ordinary income rates on the fair market value of the restricted shares (reduced by any amount paid by the participant for such restricted shares). However, a participant who so elects under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares over the purchase price, if any, of such restricted shares. Any appreciation (or depreciation) realized upon a later disposition of such shares will be treated as long-term or short-term capital gain depending upon how long the shares have been held.

Restricted Share Units. A participant will not recognize income upon the grant of restricted share units. Upon payment of the awards, the participant generally will recognize ordinary income in an amount equal to the cash and the fair market value of any unrestricted shares received.

Other Share-Based Awards and Cash-Based Awards. A participant generally will recognize ordinary income upon the payment of other share-based awards or cash-based awards in an amount equal to the cash and the fair market value of any unrestricted shares received.

Dividend Equivalents. Any dividend equivalents awarded with respect to awards granted under the 2011 Plan and paid in cash or unrestricted shares will be taxed to the participant at ordinary income rates when received by the participant.

Section 409A. The 2011 Plan permits the grant of various types of awards that may or may not be exempt from Section 409A of the Code. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described and could result in the imposition of additional taxes and penalties. Restricted shares awards, unrestricted shares awards, stock options and SARs that comply with the terms of the 2011 Plan are designed to be exempt from the application of Section 409A. Restricted share units and dividend equivalents granted under the 2011 Plan will be subject to Section 409A unless they are designed to satisfy the short-term deferral exemption (or another applicable exception). If not exempt, those awards will be designed to meet the requirements of Section 409A in order to avoid early taxation and penalties.

Tax Consequences to Us. When a participant recognizes ordinary compensation income as a result of an award granted under the 2011 Plan, we may be permitted to claim a federal income tax deduction for such compensation, subject to various limitations that may apply under applicable law.

OTHER MATTERS

Registration with the SEC. We intend to file a Registration Statement on Form S-8 relating to the issuance of additional common shares under the 2011 Plan with the SEC under the Securities Act of 1933, as soon as is practicable after approval by our stockholders of the increase in shares available under the 2011 Plan.

There have been no grants of any options, warrants or rights under the 2011 Plan or otherwise between May 23, 2022 and the date of this proxy statement, May 24, 2022.

New Plan Benefits

The compensation committee and the board of directors retain discretion under the 2011 Plan to determine which directors, officers, employees and consultants will receive awards and the amount and type of awards. Therefore, we are not able to determine the total number of individuals who will participate in the 2011 Plan or the total amount of awards granted thereunder.

However, on June 22, 2021, the board approved (i) a grant to Dr. Spana of a time-based stock option to purchase 575,000 shares and a performance-based stock option to purchase 1,150,000 shares and (ii) a grant to Mr. Wills of a time-based stock option to purchase 497,000 shares and a performance-based stock option to purchase 994,000 shares. These stock options have an exercise price of \$0.55, which was the fair market value of the Common Stock on the business day immediately preceding the date of grant and are more fully described in the Compensation Discussion and Analysis section below. To the extent they become vested, these stock options shall only be exercisable if stockholders approve the amendment to our 2011 Stock Incentive Plan to increase the number of shares available for equity awards by 15,000,000 shares. Without stockholder approval of the amendment to the 2011 Stock Incentive Plan, these stock options would be cancelled upon the conclusion of the 2022 annual meeting of stockholders and no shares would be delivered under the awards.

Also, on June 22, 2021, the board approved (i) a grant to Dr. Spana of a performance-based restricted stock unit award covering 232,150 shares and (ii) a grant to Mr. Wills of a performance-based restricted stock unit award covering 216,850 shares. These awards are more fully described in the Compensation Discussion and Analysis section below. To the extent they become vested, these performance-based restricted stock unit awards shall become payable only if stockholders approve the amendment to our 2011 Stock Incentive Plan to increase the number of shares available for equity awards by 15,000,000 shares. Without stockholder approval of the amendment to the 2011 Stock Incentive Plan, these performance-based restricted stock unit awards would be cancelled upon the conclusion of the 2022 annual meeting of stockholders and no shares would be delivered under the awards.

The table below shows the allocation of these awards among the named executive officers listed below, all current executive officers as a group, all current non-employee directors as a group, and all other employees, respectively.

[END OF ITEM FOUR]

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

ITEM FIVE: ADVISORY APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

As required by Section 14A of the Exchange Act, we are seeking an advisory, non-binding stockholder vote with respect to the compensation of our named executive officers listed in the Summary Compensation Table in the “Executive Compensation” section of this proxy statement (sometimes referred to as the “NEOs”) for the fiscal year ended June 30, 2021, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. This vote is commonly known as a “say-on-pay” advisory vote.

The board of directors, consistent with the advisory vote of the stockholders at the 2019 annual meeting, has adopted an annual frequency for a say-on-pay advisory vote.

Our executive compensation program is based on pay for performance. Our NEOs are compensated based on advancing our product candidates, developing partnerships with pharmaceutical companies that add value to our product candidates, and seeking financing to support our development programs. We believe that our NEO compensation program aligns incentive compensation with the long-term interests of our stockholders. The board encourages you to review the Executive Compensation section of this proxy statement, including the Compensation Discussion and Analysis, for additional details of our executive compensation program.

Discussions with investors who responded to our outreach efforts (and others with whom we had discussions) touched on several themes, including stockholders’ desires that a meaningful portion of long-term incentives be allocated to performance-based equity based on achieving longer-term performance goals closely linked to our business strategy. Consistent with discussions with investors both this past year and last year, changes to our executive compensation that were implemented in the last two fiscal years included a performance-based component.

We believe that NEO compensation for the fiscal year ended June 30, 2021, was effective in retaining and motivating our NEOs to work toward our annual and long-term goals, and well within the range of normal practices for companies of our size and in our industry. See “Compensation Discussion and Analysis” under the Executive Compensation section below. Our NEOs are compensated in accordance with three-year employment agreements that are designed to motivate our NEOs to achieve both annual and long-term financial, operational, and strategic objectives. See “Employment Agreements” under the Executive Compensation section below. Accordingly, we ask for our stockholders to indicate their support for the compensation paid to our NEOs by voting FOR the following non-binding resolution at the meeting:

RESOLVED, that the stockholders approve the compensation of the named executive officers for the fiscal year ended June 30, 2021, listed in the Summary Compensation Table in the Executive Compensation section of the proxy statement, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion.

RECOMMENDATION OF THE BOARD

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF THE COMPENSATION OF THE NEOS, AS STATED IN THE ABOVE NON-BINDING RESOLUTION.

ITEM SIX: APPROVAL OF THE ADJOURNMENT OF THE ANNUAL MEETING , IF NECESSARY, TO SOLICIT ADDITIONAL PROXIES IF THERE ARE INSUFFICIENT VOTES TO APPROVE ITEM THREE.

If at the annual meeting, the number of votes represented by the outstanding shares of the Common Stock, Series A Preferred Stock, Series B Preferred Stock and Series C Preferred Stock present or represented and voting in favor of Item 3, to adopt an amendment to our restated certificate of incorporation to effect a reverse stock split, is insufficient to approve the proposal or, the Company may move to adjourn the annual meeting as to Item 3 in order to enable our board of directors to continue to solicit additional proxies in favor of Item 3.

If our stockholders approve the adjournment proposal, we could adjourn the annual meeting to use the additional time to solicit additional proxies in favor of Item 3, including the solicitation of proxies from stockholders that have previously voted against Item 3. Among other things, approval of the adjournment proposal could mean that, even if proxies representing a sufficient number of votes against Item 3 have been received, we could adjourn the annual meeting without a vote on Item 3 and seek to convince the holders of those shares to change their votes to votes in favor of the approval of Item 3. In addition, even if the adjournment proposal fails to receive sufficient votes to pass, the officer of the Company presiding over the annual meeting may still exercise such person's right and authority to convene and (for any or no reason) recess and/or adjourn the meeting.

RECOMMENDATION OF THE BOARD

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF THE ADJOURNMENT OF THE ANNUAL MEETING, IF NECESSARY, TO SOLICIT ADDITIONAL PROXIES IF THERE ARE INSUFFICIENT VOTES TO APPROVE ITEM THREE.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following compensation discussion and analysis contains statements regarding future individual and corporate performance targets and goals. These targets and goals are disclosed and discussed in the context of Palatin's compensation programs and should not be understood to be statements of management's expectations or guidance.

This Compensation Discussion and Analysis describes the compensation program for our NEOs. During fiscal 2021 our NEOs were:

- Carl Spana, Ph.D., our President and Chief Executive Officer (our "CEO"); and
- Stephen T. Wills, our Chief Financial Officer and Chief Operating Officer (our "CFO/COO").

The material elements of our executive compensation program during fiscal 2021 are also described in this Compensation Discussion and Analysis, as well as an overview of our executive compensation philosophy and our related policies and practices.

Our Company

We are a specialized biopharmaceutical company developing first-in-class medicines based on molecules that modulate the activity of the melanocortin and natriuretic peptide receptor systems. Vyleesi®, the trade name for bremelanotide, a peptide melanocortin receptor 4 (MC4r) agonist, was approved by the U.S. Food and Drug Administration ("FDA") in June 2019 for the treatment of premenopausal women with acquired, generalized hypoactive sexual desire disorder ("HSDD"), which is a type of female sexual disorder ("FSD"), defined as low desire with associated distress or interpersonal difficulty. Our product candidates are targeted, receptor-specific therapeutics for the treatment of diseases with significant unmet medical need and commercial potential.

Vyleesi. Vyleesi is a subcutaneous injectable product for the treatment of HSDD in premenopausal women. Vyleesi is a synthetic peptide analog of the naturally occurring hormone alpha-MSH (melanocyte-stimulating hormone). In January 2020, our North American licensee for Vyleesi, AMAG Pharmaceuticals, Inc. ("AMAG"), announced that it had completed a strategic review of its product portfolio and business strategy, and was pursuing options to divest its female health products, including Vyleesi. On July 27, 2020, Palatin and AMAG announced that they had mutually terminated the license agreement for Vyleesi effective July 24, 2020, and that we had assumed responsibility for manufacturing, marketing, and distribution of Vyleesi in the United States.

We have licensed rights to Vyleesi for the People's Republic of China, Taiwan, Hong Kong S.A.R. and Macau S.A.R. (collectively, the "Chinese Territories") and the Republic of Korea ("Korea") and retain worldwide rights for Vyleesi for HSDD and all other indications outside Korea and the Chinese Territories. We are actively seeking potential partners for marketing and commercialization rights for Vyleesi for HSDD outside the licensed territories. However, we may not be able to enter into suitable agreements with potential partners on acceptable terms, if at all.

Melanocortin Receptor Systems. There are five melanocortin receptors, MC1r through MC5r. Modulation of these receptors, through use of receptor-specific agonists, which activate receptor function, or receptor-specific antagonists, which block receptor function, can have significant pharmacological effects. Our new product development activities primarily focus on MC1r agonists, with potential to treat inflammatory and autoimmune diseases such as dry eye disease, also known as keratoconjunctivitis sicca, uveitis, diabetic retinopathy, and inflammatory bowel disease. We believe that MC1r agonists, including the MC1r agonist peptides we are developing, have broad anti-inflammatory effects and appear to utilize mechanisms engaged by the endogenous melanocortin system in regulation of the immune system and resolution of inflammatory responses. We are also developing peptides that are active at more than one melanocortin receptor, and MC4r agonists, with potential utility in certain obesity and metabolic-related disorders, including rare disease and orphan indications.

- PL9643, a pan-melanocortin receptor peptide agonist, is a development candidate for treating ocular inflammation, including dry eye disease. We are in the first of two planned Phase 3 trials, and have completed an exploratory Phase 2 human clinical trials for treatment of dry eye disease which provided data supporting moving into Phase 3 registration studies, with excellent ocular safety and tolerability and statistically significant signs and symptom data in the moderate to severe patient population.

- We have ongoing development programs for other ocular indications, including diabetic retinopathy and macular edema, and intend to initiate further studies this year.
- PL8177, a selective MC1r agonist peptide, has received orphan drug designation for non-infectious uveitis, and is ready for Phase 2 proof-of-concept studies.
- PL8177 in an oral, intestinal delivery formulation is our lead clinical development candidate for inflammatory bowel diseases. We intend to initiate Phase 2 studies this year.

Natriuretic Peptide Receptor Systems. The natriuretic peptide receptor (“NPR”) system has numerous cardiovascular functions, and therapeutic agents modulating this system may be useful in treatment of cardiovascular diseases, including reducing cardiac hypertrophy and fibrosis, heart failure, acute asthma, other pulmonary diseases, and hypertension. We have designed and are developing potential NPR candidate drugs that are selective for one or more different natriuretic peptide receptors, including natriuretic peptide receptor-A (“NPR-A and natriuretic peptide receptor C (“NPR-C”).

- PL3994 is an NPR-A agonist we developed which has completed Phase 1 clinical safety studies. In conjunction with clinicians at a major research institution, PL3994 entered a Phase 2A clinical trial supported by a grant from the American Heart Association in 2020.

The following chart illustrates the status of our drug development programs.

Executive Compensation Highlights

Advisory Vote to Approve Named Executive Officer Compensation. At our last annual meeting of stockholders in June 2021, our non-binding stockholder advisory vote to approve the compensation of our NEOs (commonly known as a “Say-on-Pay” vote) was supported by approximately 64% of the votes cast for or against advisory approval. We continue to evaluate our executive compensation program and solicit input from our largest investors. Following is a summary of our current compensation practices and policies.

STOCKHOLDER ENGAGEMENT. We attend investor conferences in the biotechnology and pharmaceutical industries and meet with our institutional and other investors at those conferences. We also held teleconference meetings, led by our Chief Financial Officer, with stockholders seeking to engage with us. We intend to continue engaging with our stockholders on a regular basis. Elements of our executive compensation program which we have addressed over the past several years are disclosed below.

WHAT WE HEARD	OUR RESPONSE
We would like more disclosure, and more accessible disclosure, on compensation practices.	We have revised our proxy disclosure and included more disclosure on what we have done and how our compensation process works. We have expanded disclosure on the work of our independent compensation advisor.
We would like increased disclosure on metrics used for bonuses and incentive compensation.	We have increased our disclosure. Annual bonuses are tied to specific performance metrics for the fiscal year, such as advancing clinical and regulatory development of our product candidates, entering into licensing and related agreements, and our financial condition.
We would like at least half of long-term incentives to be performance-based.	We structured the 2021 long-term incentive program so that half of the awards were subject to the achievement of pre-established performance goals.
A formal policy on stock ownership by NEOs and board members should be adopted.	We adopted a stock ownership policy that requires our NEOs, as well as our board members, to maintain a minimum ownership level of our Common Stock. As of June 30, 2021, the most recent “Determination Date” under the stock ownership policy, all current NEOs and board members meet the target ownership levels of shares with a value equal to at least five times the annual base salary of NEOs and at least two times the annual retainer for board members. Our stock ownership policy is available on our website at www.palatin.com/about/corporate-governance/ . In addition, both time-based and performance-based restricted stock unit awards contain deferred delivery provisions providing for delivery of the Common Stock after the grantee’s separation from service or a defined change in control.
A formal “clawback” policy should be adopted.	We adopted a clawback policy allowing Palatin to recover related compensation should the board determine that compensation paid to NEOs resulted from material noncompliance with financial reporting requirements under federal securities law. Our clawback policy is available on our website at www.palatin.com/about/corporate-governance/ .
Elimination of “golden parachute” gross-up provisions in NEO employment agreements.	Prior to July 1, 2019, our employment agreements for the NEOs provided that they were entitled to a tax gross-up for any golden parachute excise tax imposed on payments received in connection with a change in control. Most investors disfavor this type of tax gross-up benefit. In response to stockholder feedback, effective with new employment agreements for our NEOs commencing July 1, 2019, we removed all golden parachute excise tax gross-up provisions. As a result, the company no longer provides tax gross-ups for NEOs or any other employees in the event they are subject to golden parachute excise taxes on payments received in connection with a change in control.

- **COMPENSATION AT RISK.** Our executive compensation program is designed so that a significant portion of compensation is “at risk” based on our performance, as well as short-term cash and long-term equity incentives to align the interests of our executive officers and stockholders. Long-term equity incentives will be no less than base salaries, with at least half of long-term equity incentives being performance-based.
- **USE A PAY-FOR-PERFORMANCE PHILOSOPHY.** The compensation committee employs a mixture of compensation elements designed to balance short-term goals with longer-term performance. Our executive compensation program includes these principal elements:
 - o Base salary, which targets the comparable position median salary for our peer group;
 - o An annual incentive compensation opportunity, with a target bonus payout, effective for fiscal 2021, of no less than 60% of base salary; and,
 - o A long-term incentive program consisting of stock option and restricted stock unit awards. In fiscal 2021, approximately 50% of all long-term incentive awards were performance-based, with 50% of stock options and 50% of restricted share units performance-based, and the balance time-based.

The compensation committee and board also reviewed our existing compensation practices, and intend to continue the following policies and practices:

- **MAINTAIN AN INDEPENDENT COMPENSATION COMMITTEE.** The compensation committee consists entirely of independent directors.
- **ANNUAL EXECUTIVE COMPENSATION REVIEW.** The compensation committee conducts an annual review and approval of our compensation strategy, utilizing an independent compensation advisor at least every other year. This review, including a peer group review, is intended to ensure that our compensation programs appropriately reward corporate growth without encouraging excessive or inappropriate risk-taking.
- **“DOUBLE TRIGGER” FEATURE FOR ACCELERATION OF CEO AND CFO/COO EQUITY AWARDS.** Under employment agreements with our NEOs, outstanding equity awards granted to our NEOs provide that, upon a change in control of Palatin, the vesting of such awards will accelerate only in the event of a subsequent involuntary termination of employment (a “double-trigger” provision).

- **NO STOCK OPTION RE-PRICING.** Our 2011 Stock Incentive Plan does not permit options to purchase shares of our Common Stock to be repriced to a lower exercise or strike price without the approval of our stockholders.
- **NO DIVIDENDS OR DIVIDEND EQUIVALENTS PAYABLE ON UNVESTED OR UNDELIVERED EQUITY AWARDS.** Under our restricted share unit agreements, we do not pay dividends or dividend equivalents on unvested RSU awards or vested RSU awards subject to delayed delivery.
- **NO EXECUTIVE RETIREMENT PLANS.** We do not offer pension arrangements or retirement plans or arrangements to our executive officers that are different from or in addition to those offered to our other employees.
- **NO SPECIAL WELFARE OR HEALTH BENEFITS.** Our executive officers participate in broad-based Company-sponsored health and welfare benefit programs on the same basis as our other full-time, salaried employees.
- **ANTI-HEDGING POLICY.** Under our Insider Trading and Securities Law Compliance Policy, employees, directors, and officers may not engage in hedging, monetization or pledging transactions of our securities.

Independent Compensation Advisor – Competitive Positioning. The compensation committee engaged Aon Consulting, Inc. through its Aon Rewards Solutions division (“Aon Rewards”), a nationally recognized global human resources consulting firm, as its independent compensation advisor in April 2021. Aon Rewards principally provided analysis, advice, and recommendations on named executive officers and non-employee director compensation. Our compensation peer group for named executive officer awards made in June 2021 was designed to reflect the industry and sector in which Palatin competes, as well as companies comparable to Palatin in terms of company life cycle, phase of development of potential products, market capitalization and talent market, and consists of:

AcelRx Pharmaceuticals, Inc.
Aldeyra Therapeutics, Inc.
Ardelyx, Inc.
Calithera Biosciences, Inc.
Clearside Biomedical, Inc.
Crinetics Pharmaceuticals, Inc.
CymaBay Therapeutics, Inc.
Geron Corporation
Kala Pharmaceuticals, Inc.

Kezar Life Sciences, Inc.
La Jolla Pharmaceutical Company
MEI Pharma, Inc.
MeiraGTx Holdings plc
Oyster Point Pharma, Inc.
Paratek Pharmaceuticals, Inc.
RAPT Therapeutics, Inc.
Savara Inc.
Syndax Pharmaceuticals, Inc.
Verastem, Inc.

The peer group was designed to reflect the industry and sector in which Palatin competes, as well as companies comparable to Palatin in terms of company life cycle, phase of development of potential products, market capitalization and talent market. We anticipate engaging an independent compensation advisor for a review for awards to be made in June 2022 for the fiscal year ending June 30, 2023, including utilization of a compensation peer group.

The following table summarizes the compensation earned by or paid to our principal executive officer and our principal financial officer, who constitute all of our executive officers, for fiscal 2021 and fiscal 2020. We have no defined benefit or actuarial pension plan, and no deferred compensation plan.

The aggregate grant date fair value of the performance-based restricted stock units granted in fiscal 2021, assuming that the highest level of performance would be achieved, was as follows: for Dr. Spana, \$155,063; and for Mr. Wills, \$131,114. The aggregate grant date fair value of the performance-based stock options and performance-based restricted stock units granted in fiscal 2020, assuming that the highest level of performance would be achieved, was as follows: for Dr. Spana, \$337,500 for performance-based stock options and \$337,500 for performance-based restricted stock units; and for Mr. Wills, \$290,750 for performance-based stock options and \$290,750 for performance-based restricted stock units. For a description of the assumptions used to calculate these amounts, see Note 16 to the consolidated financial statements included in the Annual Report for fiscal 2021.
- (2) Annual incentive amounts.
- (3) Consists of matching contributions to 401(k) plan.

Base Salary

The salary for each NEO is based, among other factors, upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions obtained from market surveys, and internal comparisons. The compensation committee considers changes in the base salaries of our NEOs annually. Effective July 1, 2021, the compensation committee approved increases in base salaries to \$640,000 for Dr. Spana and \$590,000 for Mr. Wills.

Annual Incentive Program

We provide annual incentive opportunities to our named executive officers to promote the achievement of annual performance objectives. Each year, the compensation committee establishes the target annual incentive opportunity for each named executive officer, which is based on a percentage of his base salary. For fiscal 2021 and fiscal 2020, the target annual incentive opportunity for each named executive officer equaled 60% of his annual base salary.

The fiscal 2021 annual incentive bonus for the named executive officers was determined based on corporate performance and individual achievements and performance, as warranted. In determining the annual incentive bonus opportunity for executives, the executive's annual base salary is multiplied by the target bonus percentage. The resulting amount is then multiplied by the corporate performance percentage approved by the compensation committee, which is dependent on the achievement of corporate performance goals, and also potentially adjusted upwards or downwards for individual executives based on their individual contribution toward the corporate results during the relevant year. The corporate objectives are established so that target attainment is not assured. Instead, our executives are required to demonstrate significant effort, dedication, and achievement to attain payment for performance at target or above.

The following table briefly describes each category of corporate objectives, the relative weighting of each objective, and the related achievement level:

CORPORATE OBJECTIVES RELATED TO:	WEIGHT	ACHIEVEMENT LEVEL	DISCRETIONARY ADJUSTMENTS*	TOTAL WEIGHTED ACHIEVEMENT
Vyleesi (bremelanotide) FSD Program	25.0%	90.0%	10.0%	25.0%
Anti-Inflammatory Programs	7.5%	30.0%	0.0%	2.0%
Ocular Programs	32.5%	95.0%	0.0%	31.0%
Other Corporate	35.0 %	57.0 %	0.0%	20.0%
Total Payout				78.0%

*Discretionary adjustment for Vyleesi was related to the Company's restructuring of a CMC contract.

For fiscal 2021, the compensation committee determined that our named executive officers achieved 78.0% of their target objectives. As a result, each named executive officer received a payout under the 2021 annual incentive program equal to 78.0% of his target annual incentive opportunity, or \$290,000 for Dr. Spana and \$267,000 for Mr. Wills (subject to rounding conventions).

Long-Term Incentive Program

The total direct compensation levels for our named executive officers are heavily weighted to long-term incentive opportunities. This structure is intended to align executives' interests with those of our stockholders, enhance our retention incentives and focus our executives on delivering sustainable performance over the longer-term.

The design of this program has evolved over the past several years to reflect core performance metrics and an incentive structure the compensation committee believes is necessary to drive our long-term success and that reflects feedback received from investors during our stockholder engagement process.

Each year, the compensation committee establishes the target long-term incentive opportunity for each named executive officer, which is based on a percentage of his base salary. For both fiscal 2020 and fiscal 2021, the target long-term incentive opportunity for each named executive officer equaled 250% of base salary for Dr. Spana and 235% of base salary for Mr. Wills.

On June 16, 2020, as part of our fiscal 2021 long-term incentive program, we granted 646,500 time-based restricted stock units and 646,500 performance-based restricted stock units to Dr. Spana, and 557,000 time-based restricted stock units and 557,000 performance-based restricted stock units to Mr. Wills. The time-based restricted stock units vest as to 25% of the number of shares granted at each anniversary of the date of grant. The performance-based restricted stock units vest on performance criteria relating to advancement of MC1r programs, including initiation of clinical trials, and licensing of Vyleesi in additional countries or regions.

On June 16, 2020, we also granted 1,071,500 time-based options and 1,071,500 performance-based options to Dr. Spana, and 923,000 time-based options and 923,000 performance-based options to Mr. Wills, a portion of which were contingent on increasing the shares reserved for grant under the 2011 Stock Incentive Plan, which was approved by the stockholders at a meeting on June 25, 2020. The time-based options vest as to 25% of the number of shares granted at each anniversary of the date of grant. The performance-based options vest on performance criteria relating to advancement of MC1r programs, including initiation of clinical trials, and licensing of Vyleesi in additional countries or regions. The options have an exercise price of \$0.58, the fair market value of the Common Stock on the business day immediately preceding the date of grant, and they expire on June 16, 2030.

On June 22, 2021, as part of our fiscal 2022 long-term incentive program, we granted 704,500 time-based restricted stock units and 472,350 performance-based restricted stock units to Dr. Spana, and 609,000 time-based restricted stock units and 392,150 performance-based restricted stock units to Mr. Wills. The time-based restricted stock units vest as to 25% of the number of shares granted at each anniversary of the date of grant. The performance-based restricted stock units vest as to 450,000 restricted stock units, comprising 250,000 to Dr. Spana and 200,000 to Mr. Wills, on performance criteria only if within two years of the date of grant for a twenty consecutive trading day period the price of Common Stock on the NYSE American for Palatin Technologies, Inc. closes at \$2.00 per share or greater (a market condition), and as to 414,500 restricted stock units on annual performance criteria relating to corporate objectives, including stock appreciation, advancement of development programs, and licensing of Vyleesi in additional countries or regions (a performance condition). Additionally on June 22, 2021, we granted 1,150,000 performance-based stock options and 232,150 performance-based restricted stock units to Dr. Spana and 994,000 performance-based stock options and 216,850 performance-based restricted stock units to Mr. Wills, which are not exercisable or payable unless stockholders approve an increase in our authorized shares and shares reserved under our 2011 Stock Incentive Plan, and which vest based on annual performance criteria relating to corporate objectives, including stock appreciation, advancement of development programs, and licensing of Vyleesi in additional countries or regions (a performance condition).

On June 22, 2021, we granted 575,000 time-based stock options to Dr. Spana and 497,000 time-based stock options to Mr. Wills, which vest as to 25% of the number of shares granted on each anniversary of the date of grant. Additionally on June 22, 2021, we granted 575,000 time-based stock options to Dr. Spana and 497,000 time-based stock options to Mr. Wills, which are not exercisable unless stockholders approve an increase in our authorized shares and shares reserved under our 2011 Stock Incentive Plan, and which vest as to 25% of the number of shares granted on each anniversary of the date of grant. The options have an exercise price of \$0.55, the fair market value of the Common Stock on the business day immediately preceding the date of grant, and they expire on June 22, 2031.

Employment Agreements

Effective July 1, 2019, we entered into employment agreements with Dr. Spana and Mr. Wills which continue through June 30, 2022 unless terminated earlier. Under these agreements, which replaced substantially similar agreements that expired on June 30, 2019, Dr. Spana is serving as Chief Executive Officer and President at a base salary of \$600,000 per year and Mr. Wills is serving as Chief Financial Officer and Chief Operating Officer at a base salary of \$550,000 per year. Each agreement also provides for:

- annual discretionary bonus compensation, in an amount to be decided by the compensation committee and approved by the board, based on achievement of yearly performance objectives; and

participation in all benefit programs that we establish, to the extent the executive's position, tenure, salary, age, health, and other qualifications make him eligible to participate.

Each agreement allows us or the executive to terminate the agreement upon written notice and contains other provisions for termination by us for "cause," or by the employee for "good reason" or due to a "change in control" (as these terms are defined in the employment agreements and set forth below). Early termination may, in some circumstances, result in severance pay at the salary then in effect, plus continuation of medical and dental benefits then in effect for a period of two years. In addition, the agreements provide that options and restricted stock units granted to these officers accelerate upon termination of employment except for voluntary resignation by the officer or termination for cause. In the event of retirement, termination by the officer for good reason, or termination by us other than for "cause", options may be exercised until the earlier of twenty-four months following termination or expiration of the option term. Arrangements with our NEOs in connection with a termination following a change in control are described below. Each agreement includes non-competition, non-solicitation, and confidentiality covenants.

- (1) Stock option vesting schedules: all options granted on or before December 11, 2017 have fully vested. Options granted after December 11, 2017 vest over four years with 1/4 of the shares vesting per year starting on the first anniversary of the grant date, provided that the named executive officer remains an employee; see "Termination and Change-In-Control Arrangements" below for a description of events that could accelerate vesting, except for performance-based options granted on June 16, 2020, which vest according to the terms of the grant described above.
- (2) Time-based stock award vesting schedule: restricted stock units granted on December 12, 2017, as to 625,000 shares for Dr. Spana and 575,000 shares for Mr. Wills, which vest in equal amounts over a four year period, provided that the named executive officer remains an employee; restricted stock units granted on June 24, 2019 as to 236,000 shares for Dr. Spana and 202,000 shares for Mr. Wills; restricted stock units granted on June 16, 2020 as to 646,500 shares for Dr. Spana and 557,000 shares for Mr. Wills and restricted stock units granted on June 22, 2021 as to 704,500 shares to Dr. Spana and 609,000 shares for Mr. Wills, which vest in equal amounts over a four year period, provided that the named executive officer remains an employee. Both time-based and performance-based restricted stock unit awards prior to fiscal 2019 contain deferred delivery provisions providing for delivery of the Common Stock after the grantee's separation from service or a defined change in control. See "Stock Options and Restricted Stock Unit Awards" above and "Termination and Change-In-Control Arrangements" below.

[Termination and Change-In-Control Arrangements](#)

The employment agreements, stock option agreements and restricted stock unit agreements with Dr. Spana and Mr. Wills contain the following provisions concerning severance compensation and the vesting of stock options and restricted stock units upon termination of employment or upon a change in control. The executive's entitlement to severance, payment of health benefits and accelerated vesting of options is contingent on the executive executing a general release of claims against us.

Termination Without Severance Compensation. Regardless of whether there has been a change in control, if we terminate employment for cause or the executive terminates employment without good reason (as those terms are defined in the employment agreement and set forth below), then the executive will receive only his accrued salary and vacation benefits through the date of termination. He may also elect to receive medical and dental benefits pursuant to COBRA for up to two years but must remit the cost of coverage to us. Under the terms of our outstanding options and restricted stock units, all unvested options and restricted stock units would terminate immediately, and vested options would be exercisable for three months after termination.

Severance Compensation After Death or Disability. In the event of the executive's death or disability, we will provide lump sum severance pay equal to 24 months of base pay, as well as the opportunity for COBRA benefits as described above under "Termination Without Severance Compensation."

Severance Compensation Without a Change in Control. If we terminate or fail to extend the employment agreement without cause, or the executive terminates employment with good reason, then the executive will receive as severance pay his salary then in effect, paid in a lump sum, plus medical and dental benefits at our expense, for a period of two years after the termination date. In addition, upon such event all unvested options would immediately vest and be exercisable for two years after the termination date or, if earlier, the expiration of the option term, and all unvested restricted stock units would accelerate and become fully vested.

Severance Compensation After a Change in Control. If, within one year after a change in control, we terminate employment or the executive terminates employment with good reason, then the executive will receive as severance pay 200% of his salary then in effect, paid in a lump sum, plus medical and dental benefits at our expense, for a period of two years after the termination date. We would also reimburse the executive for up to \$25,000 in fees and expenses during the six months following termination, for locating employment. All unvested options would immediately vest and be exercisable for two years after the termination date or, if earlier, the expiration of the option term. All unvested restricted stock units would vest upon a change in control, without regard to whether the executive's employment is terminated.

Option and Restricted Stock Unit Vesting Upon a Change in Control. Pursuant to the employment agreements, options and restricted stock units granted under the 2011 Stock Incentive Plan vest upon termination of the employee within twelve months following a change in control. If any options granted under the 2005 Stock Plan are to be terminated in connection with a change in control, those options will vest in full immediately before the change in control.

Definitions. Under the employment agreements, a "change in control," "cause" and "good reason" are defined as follows:

A "change in control" occurs when:

- (a) any person or entity acquires more than 50% of the voting power of our outstanding securities;
- (b) the individuals who, during any twelve-month period, constitute our board of directors cease to constitute at least a majority of the board of directors;
- (c) the consummation of a merger or consolidation; or
- (d) we sell substantially all our assets.

The term "cause" means:

- (a) the occurrence of (i) the executive's material breach of, or habitual neglect or failure to perform the material duties which he is required to perform under, the terms of his employment agreement; (ii) the executive's material failure to follow the reasonable directives or policies established by or at the direction of our board of directors; or (iii) the executive's engaging in conduct that is materially detrimental to our interests such that we sustain a material loss or injury as a result thereof, provided that the breach or failure of performance is not cured, to the extent cure is possible, within ten days of the delivery to the executive of written notice thereof;
- (b) the willful breach by the executive of his obligations to us with respect to confidentiality, invention and non-disclosure, non-competition or non-solicitation; or
- (c) the conviction of the executive of, or the entry of a pleading of guilty or nolo contendere by the executive to, any crime involving moral turpitude or any felony.

[Table of Contents](#)

The term “good reason” means the occurrence of any of the following, with our failure to cure such circumstances within 30 days of the delivery to us of written notice by the executive of such circumstances:

- (a) any material adverse change in the executive's duties, authority or responsibilities, which causes the executive's position with us to become of significantly less responsibility, or assignment of duties and responsibilities inconsistent with the executive's position;
- (b) a material reduction in the executive's salary;
- (c) our failure to continue in effect any material compensation or benefit plan in which the executive participates, unless an equitable arrangement has been made with respect to such plan, or our failure to continue the executive's participation therein (or in a substitute or alternative plan) on a basis not materially less favorable, both in terms of the amount of benefits provided and the level of the executive's participation relative to other participants;
- (d) our failure to continue to provide the executive with benefits substantially similar to those enjoyed by the executive under any of our health and welfare insurance, retirement and other fringe-benefit plans, the taking of any action by us which would directly or indirectly materially reduce any of such benefits, or our failure to provide the executive with the number of paid vacation days to which he is entitled; or
- (e) the relocation of the executive to a location which is a material distance from Cranbury, New Jersey.

BENEFICIAL OWNERSHIP OF MANAGEMENT AND OTHERS

The tables below show the beneficial stock ownership and voting power, as of May 23, 2022, of:

- each director, each nominee for director, each of the NEOs, and all current directors and officers as a group; and
- all persons who, to our knowledge, beneficially own more than five percent of our Common Stock or Series A Preferred Stock.

“Beneficial ownership” here means direct or indirect voting or dispositive power over outstanding stock and stock that a person has the right to acquire now or within 60 days after May 23, 2022. See the footnotes for more detailed explanations of the holdings. Except as noted, to our knowledge, the persons named in the tables beneficially own and have sole voting and dispositive power over all shares listed.

The Common Stock has one vote per share and the Series A Preferred Stock has approximately 16 votes per share of Series A Preferred Stock. Each share of Series B Preferred Stock outstanding on the Record Date has a number of votes equal to the number of shares of Common Stock issuable upon conversion of such share of Series B Preferred Stock (whether or not such shares are then convertible). The holders of Series C Preferred Stock have agreed to vote all shares of Series C Preferred Stock in the same proportion as the aggregate shares of Common Stock, Series A Preferred Stock and Series B Preferred Stock are voted on the reverse stock split amendment proposal discussed in this proxy statement. On May 23, 2022, there were 231,773,670 shares of Common Stock outstanding, 4,030 shares of Series A Preferred Stock outstanding (convertible into 66,059 shares of Common Stock), and 8,100,000 shares of Series B Preferred Stock outstanding (convertible into 30,000,000 shares of Common Stock).

Under our Insider Trading and Securities Law Compliance Policy, employees, directors and officers may not engage in hedging, monetization or pledging transactions of our securities. None of the shares of our management and directors shown on the table below are pledged.

The address for all members of our management and directors is c/o Palatin Technologies, Inc., 4B Cedar Brook Drive, Cranbury, NJ 08512. Addresses of other beneficial owners are in the applicable table.

STOCKHOLDER PROPOSALS AND DIRECTOR NOMINATIONS FOR NEXT ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for stockholder action at annual meetings for inclusion in our proxy statement in accordance with regulations adopted by the SEC under Rule 14a-8 of the Exchange Act. To be considered for inclusion in the proxy statement and form of proxy relating to the next annual meeting of stockholders, such proposals must be received no later than January 25, 2023.

Our Amended and Restated Bylaws set an advance notice procedure for proposals a stockholder wishes to present directly at an annual meeting (rather than submitting for inclusion in our proxy statement under Rule 14a-8) and for director nominations. To be considered for presentation at the 2023 annual meeting, although not included in the proxy statement, proposals and nominations submitted through our advance notice procedure must be received no earlier than February 24, 2023 and no later than March 27, 2023 and must be accompanied by the specific information required under Section 2.10 of our Amended and Restated Bylaws. Limited exceptions apply to the advance notice deadlines if the date of the 2023 annual meeting is advanced by more than 30 days, or delayed by more than 70 days, from the anniversary date of the 2022 annual meeting, or, with respect to director nominations, we increase the number of directors to be elected at the 2023 annual meeting and fail to make a public announcement about the increase at least 100 calendar days prior to the first year anniversary of 2022 annual meeting.

To comply with the universal proxy rules (once effective), stockholders who intend to solicit proxies in support of director nominees other than Palatin nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than April 25, 2023. Such notice may be mailed to the Secretary at 4B Cedar Brook Drive, Cranbury, NJ 08512, or emailed to legal@palatin.com.

Proposals or nominations that are not received in a timely manner will not be voted on at the 2023 annual meeting. If a proposal or nomination is received on time, the proxies that management solicits for the meeting may still exercise discretionary voting authority on the proposal or nomination under circumstances consistent with the proxy rules of the SEC. All stockholder proposals and nominations should be marked for the attention of the Secretary at our executive offices, 4B Cedar Brook Drive, Cranbury, NJ 08512.

Immediately upon the filing with the Secretary of State of the State of Delaware and effectiveness of the Certificate of Amendment of the Corporation providing for the reclassification set forth in this sentence, each []¹ shares of Common Stock, par value \$0.01 per share, of the Corporation issued and outstanding or held by the Corporation in treasury immediately prior to such time shall be reclassified into one (1) fully-paid and nonassessable share of Common Stock, par value \$0.01 per share, of the Corporation (the "Reverse Stock Split"). Notwithstanding the foregoing, no fractional shares shall be issued in the Reverse Stock Split. All shares of Common Stock (including fractions thereof) issuable in the Reverse Stock Split to a given holder (or, with respect to any shares held of record by a bank, broker or other nominee, to a given beneficial owner of such shares) shall be aggregated for purposes of determining whether the Reverse Stock Split would result in the issuance of any fractional share. If, after the aforementioned aggregation, the Reverse Stock Split would otherwise result in the issuance of a fraction of a share of Common Stock to any such holder or beneficial owner, as the case may be, the Corporation shall, in lieu of issuing any such fractional share, pay the holder otherwise entitled to such fractional share a sum in cash equal to (ii) the average closing price of the Common Stock for the five trading days immediately preceding the effective date of the Reverse Stock Split, multiplied by (ii) the number of shares of Common Stock outstanding immediately prior the effectiveness of the Reverse Stock Split that were reclassified into such fractional share pursuant to the Reverse Stock Split. Following the effectiveness of the Reverse Stock Split, certificates representing shares of Common Stock immediately prior to the effectiveness of the Reverse Stock Split shall thereafter represent the number of whole shares of Common Stock into which such shares have been reclassified pursuant to the Reverse Stock Split (as well as the right to receive any applicable payment of cash in lieu of fractional shares of Common Stock as provided for herein); provided, however, that each holder of record of a stock certificate or certificates that represents shares of Common Stock immediately prior to the Effective Time shall be entitled to receive, upon surrender of such certificate or certificates, a new certificate evidencing the number of whole shares of Common Stock to which such person is entitled pursuant to this paragraph (as well as any applicable payment of cash in lieu of fractional shares of Common Stock as provided for herein).

IN WITNESS WHEREOF, said Corporation has caused this Certificate of Amendment to be signed by its duly authorized officer this ____ day of _____ 2022.

To the extent permitted by Applicable Laws, the Committee may, in its discretion, delegate to one or more Directors or Employees any of the Committee's authority under the Plan. The acts of any such delegates shall be treated hereunder as acts of the Committee with respect to any matters so delegated.

b. Determinations. The Committee shall have no obligation to treat Participants or eligible Participants uniformly, and the Committee may make determinations under the Plan selectively among Participants who receive, or Employees, Consultants or Directors who are eligible to receive, Awards (whether or not such Participants or eligible Employees, Consultants or Directors are similarly situated). To the extent that any action of the Board under the Plan conflicts with any action taken by the Committee, the action of the Board shall control.

5. Eligibility and Participation. Each Employee, Consultant and Director is eligible to participate in the Plan. Subject to the provisions of the Plan, the Committee may, from time to time, select from all eligible Employees, Consultants and Directors those to whom Awards shall be granted and shall determine, in its sole discretion, the nature of any and all terms permissible by Applicable Law and the amount of each Award.

A Stock Option shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Option is to be exercised and full payment of the exercise price for such Shares. The exercise price of a Stock Option may be paid: (i) in cash or its equivalent; (ii) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the aggregate exercise price; (iii) by a cashless exercise (including by withholding Shares deliverable upon exercise and through a broker-assisted arrangement to the extent permitted by Applicable Law); (iv) by a combination of the methods described in clauses (i), (ii) and/or (iii); or (v) through any other method approved by the Committee in its sole discretion. As soon as practicable after receipt of the notification of exercise and full payment of the exercise price, the Company shall cause the appropriate number of Shares to be issued to the Participant.

f. Special Rules Applicable to Incentive Stock Options. Notwithstanding any other provision in the Plan to the contrary:

(iii) No Incentive Stock Option shall be granted to any Participant who, on the Date of Grant, is a Ten Percent Stockholder, unless (x) the exercise price per Share of such Incentive Stock Option is at least one hundred and ten percent (110%) of the Fair Market Value of a Share on the Date of Grant, and (y) the term of such Incentive Stock Option shall not exceed five (5) years from the Date of Grant.

A Stock Appreciation Right shall be exercised by the delivery of a notice of exercise to the Company or its designee in a form specified by the Company which sets forth the number of Shares with respect to which the Stock Appreciation Right is to be exercised. Upon exercise, a Stock Appreciation Right shall entitle a Participant to an amount equal to (a) the excess of (i) the Fair Market Value of a Share on the exercise date over (ii) the exercise price per Share, multiplied by (b) the number of Shares with respect to which the Stock Appreciation Right is exercised. A Stock Appreciation Right may be settled in whole Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

Unless otherwise provided in the related Award Agreement or required by Applicable Law, the restrictions imposed on Restricted Shares shall lapse upon the expiration or termination of the applicable restricted period and the satisfaction of any other applicable terms and conditions.

c. Custody of Certificates. To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Restricted Shares in the Company's possession until such time as all terms, conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

d. Rights Associated with Restricted Shares during Restricted Period. During any restricted period applicable to Restricted Shares: (i) the Restricted Shares may not be sold, transferred, pledged, assigned or otherwise alienated or hypothecated; (ii) unless otherwise provided in the related Award Agreement, the Participant shall be entitled to exercise full voting rights associated with such Restricted Shares; and (iii) the Participant shall be entitled to all dividends and other distributions paid with respect to such Restricted Shares during the restricted period; provided, however, that any dividends or other distributions with respect to unvested Restricted Shares shall be accumulated or deemed reinvested in additional Restricted Shares until such Award is earned and vested, and shall be subject to the same terms and conditions as the original Award (including the satisfaction of service-based vesting conditions and the achievement of any Performance Objectives).

b. Form of Settlement. An Other Share-Based Award may be settled in whole Shares, Restricted Shares, cash or a combination thereof, as specified by the Committee in the related Award Agreement.

11. Dividend Equivalents. At the discretion of the Committee, Awards granted pursuant to the Plan, other than awards of Stock Options or Stock Appreciation Rights, may provide Participants with the right to receive dividend equivalents, which may be credited to an account for the Participants, and may be settled in cash and/or Shares, as determined by the Committee in its sole discretion; provided, however, that any such dividend equivalents with respect to any unvested Award shall be accumulated or deemed reinvested until such Award is earned and vested, and shall be subject to the same terms and conditions as the original Award (including the satisfaction of service-based vesting conditions and the achievement of any Performance Objectives). No dividend equivalents shall be granted with respect to Shares underlying a Stock Option or Stock Appreciation Right.

12. Cash-Based Awards. Subject to the terms and conditions of the Plan, Cash-Based Awards may be granted to Participants in such amounts and upon such other terms and conditions as shall be determined by the Committee in its sole discretion. Each Cash-Based Award shall be evidenced by an Award Agreement that shall specify the payment amount or payment range, the time and method of settlement and the other terms and conditions, as applicable, of such Award which may include, without limitation, restrictions based on the achievement of specific Performance Objectives.

13. Compliance with Section 409A. Awards granted under the Plan shall be designed and administered in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code. To the extent that the Committee determines that any award granted under the Plan is subject to Section 409A of the Code, the Award Agreement shall incorporate the terms and conditions necessary to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant. Notwithstanding any other provision of the Plan or any Award Agreement (unless the Award Agreement provides otherwise with specific reference to this Section 13): (a) an Award shall not be granted, deferred, accelerated, extended, paid out, settled, substituted or modified under the Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant; and (b) if an Award is subject to Section 409A of the Code, and if the Participant holding the award is a “specified employee” (as defined in Section 409A of the Code, with such classification to be determined in accordance with the methodology established by the Company), then, to the extent required to avoid the imposition of an additional tax under Section 409A of the Code upon a Participant, no distribution or payment of any amount shall be made before the date that is six (6) months following the date of such Participant’s “separation from service” (as defined in Section 409A of the Code) or, if earlier, the date of the Participant’s death. Although the Company intends to administer the Plan so that Awards will be exempt from, or will comply with, the requirements of Section 409A of the Code, the Company does not warrant that any Award under the Plan will qualify for favorable tax treatment under Section 409A of the Code or any other provision of federal, state, local, or non-United States law. The Company shall not be liable to any Participant for any tax, interest, or penalties the Participant might owe as a result of the grant, holding, vesting, exercise, or payment of any Award under the Plan.

14. Compliance with Section 162(m).

a. In General. Notwithstanding anything in the Plan to the contrary, Restricted Shares, Restricted Share Units, Other Share-Based Awards and Cash-Based Awards may be granted in a manner that is intended to qualify the Award for the Performance-Based Exception. As determined by the Committee in its sole discretion, the grant, vesting, exercisability and/or settlement of any Awards intended to qualify the Award for the Performance-Based Exception shall be conditioned on the attainment of one or more Performance Objectives during a performance period established by the Committee. Any such Award must meet the requirements of this Section 14.

b. Performance Objectives. If an Award is intended to qualify for the Performance-Based Exception, then the Performance Objectives shall be based on specified levels of, or growth in, one or more of the following criteria: revenues, earnings from operations, operating income, earnings before or after interest and taxes, operating income before or after interest and taxes, net income, cash flow, earnings per share, return on total capital, return on invested capital, return on equity, return on assets, total return to stockholders, earnings before or after interest, or extraordinary or special items, operating income before or after interest, taxes, depreciation, amortization or extraordinary or special items, return on investment, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, cash flow in excess of cost of capital, operating margin, profit margin, contribution margin, stock price and/or strategic business criteria consisting of one or more objectives based on meeting specified product development, strategic partnering, research and development milestones, clinical trial status, product approvals in geographic regions, market penetration, geographic business expansion goals, cost targets, customer satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures. To the extent consistent with the Performance-Based Exception, the Performance Objectives may be calculated without regard to extraordinary items or adjusted, as the Committee deems equitable, in recognition of unusual or non-recurring events affecting the Company or its Subsidiaries or changes in applicable tax laws or accounting principles.

c. **Establishment of Performance Goals.** With respect to Awards intended to qualify for the Performance-Based Exception, the Committee shall establish: (i) the applicable Performance Objectives and performance period, and (ii) the formula for computing the payout. Such terms and conditions shall be established in writing while the outcome of the applicable performance period is substantially uncertain, but in no event later than the earlier of: (x) ninety days after the beginning of the applicable performance period; or (y) the expiration of twenty-five percent (25%) of the applicable performance period.

d. **Certification of Performance.** With respect to any Award intended to qualify for the Performance-Based Exception, the Committee shall certify in writing whether the applicable Performance Objectives and other material terms imposed on such Award have been satisfied, and, if they have, ascertain the amount of the payout or vesting of the Award. Notwithstanding any other provision of the Plan, payment or vesting of any such Award shall not be made until the Committee certifies in writing that the applicable Performance Objectives and any other material terms of such Award were in fact satisfied in a manner conforming to applicable regulations under Section 162(m) of the Code.

e. **Negative Discretion.** With respect to any Award intended to qualify for the Performance-Based Exception, the Committee shall not have discretion to increase the amount of compensation that is payable upon achievement of the designated Performance Objectives. However, the Committee may, in its sole discretion, reduce the amount of compensation that is payable upon achievement of the designated Performance Objectives.

15. Transferability. Except as otherwise determined by the Committee, no Award or dividend equivalents paid with respect to any Award shall be transferable by the Participant except by will or the laws of descent and distribution; provided, that if so determined by the Committee, each Participant may, in a manner established by the Board or the Committee, designate a beneficiary to exercise the rights of the Participant with respect to any Award upon the death of the Participant and to receive Shares or other property issued or delivered under such Award. Except as otherwise determined by the Committee, Stock Options and Stock Appreciation Rights will be exercisable during a Participant's lifetime only by the Participant or, in the event of the Participant's legal incapacity to do so, by the Participant's guardian or legal representative acting on behalf of the Participant in a fiduciary capacity under state law and/or court supervision.

16. Adjustments. In the event of any equity restructuring (within the meaning of Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation — Stock Compensation), such as a stock dividend, stock split, reverse stock split, spinoff, rights offering, or recapitalization through a large, nonrecurring cash dividend, the Committee shall cause there to be an equitable adjustment in the numbers of Shares specified in Section 3 of the Plan and, with respect to outstanding Awards, in the number and kind of Shares subject to outstanding Awards, the exercise price or other price of Shares subject to outstanding Awards, in each case to prevent dilution or enlargement of the rights of Participants. In the event of any other change in corporate capitalization, or in the event of a merger, consolidation, liquidation, or similar transaction, the Committee may, in its sole discretion, cause there to be an equitable adjustment as described in the foregoing sentence, to prevent dilution or enlargement of rights; provided, however, that, unless otherwise determined by the Committee, the number of Shares subject to any Award shall always be rounded down to a whole number. Notwithstanding the foregoing, the Committee shall not make any adjustment pursuant to this Section 16 that would (i) cause any Stock Option intended to qualify as an ISO to fail to so qualify, (ii) cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A of the Code, or (iii) cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A of the Code. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on all Participants and any other persons claiming under or through any Participant.

17. Fractional Shares. The Company shall not be required to issue or deliver any fractional Shares pursuant to the Plan and, unless otherwise provided by the Committee, fractional shares shall be settled in cash.

18. Withholding Taxes. To the extent required by Applicable Law, a Participant shall be required to satisfy, in a manner satisfactory to the Company or Subsidiary, as applicable, any withholding tax obligations that arise by reason of a Stock Option or Stock Appreciation Right exercise, the vesting of or settlement of Shares under an Award, an election pursuant to Section 83(b) of the Code or otherwise with respect to an Award. The Company and its Subsidiaries shall not be required to issue or deliver Shares, make any payment or to recognize the transfer or disposition of Shares until such obligations are satisfied. The Committee may permit or require these obligations to be satisfied by having the Company withhold a portion of the Shares that otherwise would be issued or delivered to a Participant upon exercise of a Stock Option or Stock Appreciation Right or upon the vesting or settlement of an Award, or by tendering Shares previously acquired, in each case having a Fair Market Value equal to the amount required to be withheld. In no event will the Fair Market Value of the Shares to be withheld or tendered pursuant to this Section 18 to satisfy applicable withholding taxes exceed the amount of taxes required to be withheld based on the maximum statutory tax rates in the applicable taxing jurisdictions. Any elections pursuant to this Section 18 subject to such conditions or procedures as may be established by the Committee and may be subject to disapproval by the Committee.

19. Foreign Employees. Without amending the Plan, the Committee may grant Awards to Participants who are foreign nationals on such terms and conditions different from those specified in the Plan as may in the judgment of the Committee be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes, the Committee may make such modifications, amendments, procedures, and the like as may be necessary or advisable to comply with provisions of Applicable Laws of other countries in which the Company or its Subsidiaries operate or have employees.

20. Detrimental Activity; Forfeiture of Awards.

a. Detrimental Activity. If a Participant has engaged in any Detrimental Activity, as determined by the Committee in its sole discretion, either during service with the Company or a Subsidiary or after termination of such service, then, promptly upon receiving notice of the Committee's determination, the Participant shall: (i) forfeit all Awards granted under the Plan to the extent then held by the Participant; (ii) return to the Company or the Subsidiary all Shares that the Participant has not disposed of that had been acquired, pursuant to Awards granted under the Plan, within two (2) years prior to the date of the Participant's initial commencement of the Detrimental Activity, in exchange for payment by the Company or the Subsidiary of any amount actually paid therefor by the Participant; and (iii) with respect to any Shares acquired, within two (2) years prior to the date of the Participant's initial commencement of the Detrimental Activity, pursuant to an Award granted under the Plan that were disposed of, pay to the Company or the Subsidiary, in cash, the excess, if any, of: (A) the Fair Market Value of the Shares on the date acquired, over (B) any amount actually paid by the Participant for the Shares.

b. Compensation Recovery Policy. Any Award granted to a Participant shall be subject to forfeiture or repayment pursuant to the terms of any applicable compensation recovery policy adopted by the Company, including any such policy that may be adopted to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act or any rules or regulations issued by the Securities and Exchange Commission rule or applicable securities exchange.

c. Set-Off and Other Remedies. To the extent that amounts are not immediately returned or paid to the Company as provided in this Section 20, the Company may, to the extent permitted by Applicable Laws, seek other remedies, including a set off of the amounts so payable to it against any amounts that may be owing from time to time by the Company or a Subsidiary to the Participant for any reason, including, without limitation, wages, or vacation pay or other benefits; provided, however, that, except to the extent permitted by Treasury Regulation Section 1.409A-3(j)(4), such offset shall not apply to amounts that are "deferred compensation" within the meaning of Section 409A of the Code.

21. Change in Control. In the event of a Change in Control, the Committee may, in its sole discretion and without providing prior notice or receiving the consent of the Participant, take such actions, if any, as it deems necessary or desirable with respect to any Award that is outstanding as of the date of the consummation of the Change in Control. Such actions may include, without limitation: (i) the acceleration of the vesting, settlement and/or exercisability of an Award; (ii) the payment of a cash amount in exchange for the cancellation of an Award; (iii) the cancellation of Stock Options and/or Stock Appreciation Rights without payment therefor if the Fair Market Value of a Share on the date of the Change in Control does not exceed the exercise price per Share of the applicable Awards; and/or (iv) make provisions for the assumption or conversion of Awards, or the issuance of substitute Awards that, in either case, substantially preserve the value, rights and benefits of any affected Awards.

22. Amendment, Modification and Termination.

a. In General. The Board may at any time and from time to time, alter, amend, suspend or terminate the Plan in whole or in part; provided, however, that no alteration or amendment that requires stockholder approval in order for the Plan to comply with any rule promulgated by the SEC or any securities exchange on which Shares are listed or any other Applicable Laws shall be effective unless such amendment shall be approved by the requisite vote of stockholders of the Company entitled to vote thereon within the time period required under such applicable listing standard or rule.

b. Adjustments to Outstanding Awards. The Committee may in its sole discretion at any time (i) provide that all or a portion of a Participant's Stock Options, Stock Appreciation Rights, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable; (ii) provide that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any Performance Objectives or other performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied; or (iii) waive any other limitation or requirement under any such Award, in each case, as of such date as the Committee may, in its sole discretion, declare. Unless otherwise determined by the Committee, any such adjustment that is made with respect to an Award that is intended to qualify for the Performance-Based Exception shall be made at such times and in such manner as will not cause such Awards to fail to qualify under the Performance-Based Exception. Additionally, the Committee shall not make any adjustment pursuant to this Section 22(b) that would cause an Award that is otherwise exempt from Section 409A of the Code to become subject to Section 409A of the Code, or that would cause an Award that is subject to Section 409A of the Code to fail to satisfy the requirements of Section 409A of the Code.

c. Prohibition on Repricing. Except for adjustments made pursuant to Sections 16 or 21, the Board or the Committee will not, without the further approval of the stockholders of the Company, authorize the amendment of any outstanding Stock Option or Stock Appreciation Right to reduce the exercise price. No Stock Option or Stock Appreciation Right will be cancelled and replaced with an Award having a lower exercise price, or for another Award, or for cash without further approval of the stockholders of the Company, except as provided in Sections 16 or 21. Furthermore, no Stock Option or Stock Appreciation Right will provide for the payment, at the time of exercise, of a cash bonus or grant or sale of another Award without further approval of the stockholders of the Company. This Section 22(c) is intended to prohibit the repricing of "underwater" Stock Options or Stock Appreciation Rights without stockholder approval and will not be construed to prohibit the adjustments provided for in Sections 16 or 21.

d. Effect on Outstanding Awards. Notwithstanding any other provision of the Plan to the contrary (other than Sections 16, 20, 21, 22(b) and 24(d)), no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award. Notwithstanding the preceding sentence, any ISO granted under the Plan may be modified by the Committee to disqualify such Stock Option from treatment as an "incentive stock option" under Section 422 of the Code.

23. Applicable Laws. The obligations of the Company with respect to Awards under the Plan shall be subject to all Applicable Laws and such approvals by any governmental agencies as the Committee determines may be required. The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

24. Miscellaneous.

a. Deferral of Awards. Except with respect to Stock Options and Stock Appreciation Rights, the Committee may permit Participants to elect to defer the issuance or delivery of Shares or the settlement of Awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of the Plan. The Committee also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts. All elections and deferrals permitted under this provision shall comply with Section 409A of the Code, including setting forth the time and manner of the election (including a compliant time and form of payment), the date on which the election is irrevocable, and whether the election can be changed until the date it is irrevocable.

b. No Right of Continued Employment. The Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary, nor shall it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant's employment or other service at any time. No Employee, Consultant or Director shall have the right to be selected to receive an Award under the Plan, or, having been so selected, to be selected to receive future Awards.

c. Unfunded, Unsecured Plan. Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right or title to any assets, funds or property of the Company or any Subsidiary, including without limitation, any specific funds, assets or other property which the Company or any Subsidiary may set aside in anticipation of any liability under the Plan. A Participant shall have only a contractual right to an Award or the amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

d. Severability. If any provision of the Plan is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended or limited in scope to conform to Applicable Laws or, in the discretion of the Committee, it shall be stricken and the remainder of the Plan shall remain in full force and effect.

e. Acceptance of Plan. By accepting any benefit under the Plan, each Participant and each person claiming under or through any such Participant shall be conclusively deemed to have indicated their acceptance and ratification of, and consent to, all of the terms and conditions of the Plan and any action taken under the Plan by the Committee, the Board or the Company, in any case in accordance with the terms and conditions of the Plan.

Successors. All obligations of the Company under the Plan and with respect to Awards shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or other event, or a sale or disposition of all or substantially all of the business and/or assets of the Company and references to the "Company" herein and in any Award Agreements shall be deemed to refer to such successors.
