PROXY STATEMENT FOR THE 2012 ANNUAL MEETING OF STOCKHOLDERS

JUNE 20, 2012

Our Board of Directors is soliciting proxies for the 2012 annual meeting of stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Meeting. Please read it carefully.

The Board has set April 23, 2012 as the record date for the Meeting. Stockholders of record who owned our common stock on that date are entitled to vote at and attend the Meeting, with each share entitled to one vote. Stockholders who hold shares in "street name" may vote at the Meeting only if they hold a valid proxy from their broker. As of the record date, there were 87,547,149 shares of common stock outstanding and entitled to vote at the Meeting.

Voting materials, which include this Proxy Statement, a proxy card and our 2012 Annual Report, will be mailed to stockholders on or about May 14, 2012. These materials are also available free of charge on the Internet at <http://www.RRDEZProxy.com/2012/DURECT>.

Our Annual Report on Form 10-K for the year ended December 31, 2011 is available on the Internet at our website at www.durect.com in the Investor Relations section or through the SEC's electronic data system called IDEA (formerly EDGAR) at www.sec.gov. To request a printed copy of our Form 10-K, which we will provide to you without charge, either: write to Investor Relations, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014 or e-mail Investor Relations at "info@durect.com."

In this Proxy Statement:

- "We," "us," "our" and the "Company" refer to DURECT Corporation
- "Annual Meeting" or "Meeting" means the 2012 annual meeting of stockholders
- "Board of Directors" or "Board" means our Board of Directors
- "SEC" means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

Time and Place of the Annual Meeting

The Annual Meeting is being held on Wednesday, June 20, 2012, at 9:00 a.m. local time at 10240 Bubb Road, Cupertino, CA 95014. All stockholders who own shares of our stock as of April 23, 2012, the record date, may attend the Annual Meeting.

Purpose of the Proxy Statement and Proxy Card

You are receiving a Proxy Statement and proxy card from us because you owned shares of our common stock on April 23, 2012, the record date. This Proxy Statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint James E. Brown and Felix Theeuwes as your representatives at the Meeting. James E. Brown and Felix Theeuwes will vote your shares as you have instructed them on the proxy card, at the Meeting. This way, your shares will be voted whether or not you attend the Meeting. Alternatively, you may vote your shares on the Internet or by telephone by following the instructions on your proxy card. Even if you plan to attend the Meeting it is a good idea to complete, sign and return your proxy card in advance of the Meeting just in case your plans change.

Proposals to Be Voted on at This Year's Annual Meeting

You are being asked to vote on:

1. The election of three Class III directors to serve on our Board of Directors until our 2015 annual meeting of stockholders;
2. An advisory vote on the approval of executive compensation; and
3. The ratification of our appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year.

The Board of Directors recommends a vote FOR each proposal.

Voting Procedure

You may vote by mail, phone or the Internet.

To vote by mail, please sign your proxy card and return it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. To vote by phone or the Internet, please follow the instructions as listed on the proxy card.

You may vote in person at the Meeting.

We will pass out written ballots to anyone who wants to vote at the Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Meeting. Holding shares in "street name" means your shares of stock are held in an account by your stockbroker, bank, or other nominee, and the stock certificates and record ownership are not in your name. If your shares are held in "street name" and you wish to attend the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation to vote your shares at the Annual Meeting.

You may change your mind after you have returned your proxy.

If you change your mind after you return your proxy, you may revoke your proxy at any time before the polls close at the Meeting. You may do this by:

- signing another proxy with a later date, or
- voting in person at the Annual Meeting.

Multiple Proxy Cards

If you received more than one proxy card, it means that you hold shares in more than one account. Please sign and return all proxy cards to ensure that all your shares are voted.

Delivery of Documents to Security Holders Sharing an Address

Only one Proxy Statement and annual report is being delivered to you if you share an address with another stockholder, unless we receive contrary instructions from you or one of the other stockholder(s). We will deliver

promptly upon written or oral request a separate copy of the Proxy Statement and annual report to you if you share an address to which we delivered a single copy of the documents; this request should be directed to Matthew J. Hogan, Chief Financial Officer, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014, 408-777-4936.

Quorum Requirement

Shares are counted as present at the Meeting if the stockholder either:

- is present and votes in person at the Meeting, or
- has properly submitted a proxy card.

A majority of our outstanding shares as of the record date must be present at the Meeting (either in person or by proxy) in order to hold the Annual Meeting and conduct business. This is called a “quorum.”

Consequences of Not Returning Your Proxy; Broker Non-Votes

If your shares are held in your name, you must return your proxy (or attend the Annual Meeting in person) in order to vote on the proposals. If your shares are held in street name and you do not vote your proxy, your brokerage firm may either:

- vote your shares on routine matters, or
- leave your shares unvoted.

If you are a beneficial owner and hold your shares in “street name” through a broker or other nominee and do not provide the organization that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters but do not have discretion to vote on non-routine matters. For example, if you do not provide voting instructions to your broker, the broker could vote your shares for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year (Proposal 3) because that is deemed to be a routine matter, but the broker could not vote your shares for either of the other two proposals on the agenda for the Annual Meeting.

If you do not provide voting instructions to your broker and the broker has indicated that it does not have discretionary authority to vote on a particular proposal, your shares will be considered “broker non-votes” with regard to that matter. Broker non-votes will be considered as represented for purposes of determining a quorum but generally will not be considered as entitled to vote with respect to that proposal. Broker non-votes are not counted for purposes of determining the number of votes cast with respect to a particular proposal. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal that requires the affirmative vote of a majority of the shares present and entitled to vote.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the Meeting.

Effect of Abstentions

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum and as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Required Vote

Assuming a quorum is present, the three nominees receiving the highest number of votes of shares that are present and entitled to vote will be elected as Class III directors. The vote required to approve the ratification of the independent registered public accounting firm, as set forth in Proposal 3, is the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote.

Proposal 2 is an advisory vote; however, the Compensation Committee and the Board of Directors will consider the voting results on these proposals.

Vote Solicitation; No Use of Outside Solicitors

DURECT Corporation is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers, agents, and other employees may contact you by telephone, Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy material. We have not retained the services of a proxy solicitor.

Voting Procedures

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Computershare, our transfer agent, who will act as the Inspector of Election. The Inspector will also determine whether a quorum is present at the Annual Meeting. The shares represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any proxy card which is returned but not marked will be voted FOR each of the director nominees, FOR the other proposals discussed in this Proxy Statement, and as the proxy holders deem desirable for any other matters that may come before the Meeting. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast.

We believe that the procedures to be used by the Inspector to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

Publication of Voting Results

We will announce preliminary voting results at the meeting. We will publish the final results in a current report on Form 8-K, which we will file with the SEC within four business days of the meeting. You can get a copy on our website at www.durect.com in the Investor Relations section, by contacting Matthew J. Hogan, our Chief Financial Officer, at (408) 777-4936 or the SEC at (800) 732-0330 for the location of the nearest public reference room, or through the IDEA (formerly EDGAR) system at www.sec.gov.

Other Business

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. However, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to James E. Brown and Felix Theeuwes to vote on such matters at their discretion.

Stockholder Proposals For The 2013 Annual Meeting

To have your proposal included in our proxy statement for our 2013 annual meeting, you must submit your proposal in writing no later than January 14, 2013 to Matthew J. Hogan, Chief Financial Officer and Secretary,

DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014. Any such proposal must also comply with Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the regulations thereunder, as well as our bylaws, which may be obtained free of charge by written request to Matthew J. Hogan, Chief Financial Officer and Secretary, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014.

Pursuant to our bylaws, stockholders must provide notice of any business that they wish to submit for consideration at the 2013 annual meeting to our executive offices (Attention: Secretary) no later than March 22, 2013 and no earlier than February 20, 2013; provided, however, that if the 2013 annual meeting is moved more than 30 days prior to or 60 days after the anniversary of the Annual Meeting and less than 60 days notice is provided to stockholders, then notice of a stockholder proposal must be received within 10 days of public notice of the meeting.

Unless marked otherwise, proxies received will be voted FOR the election of James E. Brown, Michael D. Casey and Armand P. Neukermans. If additional people are nominated for election as directors through the stockholder proposal process which includes written notification to us within specified time frames, the proxy holders intend to vote all proxies received by them in a way that will ensure that as many as possible of the nominees listed above are elected. The Board, Board Committees and Meetings

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the Board and vote on extraordinary matters; the Board is our governing body, responsible for hiring, overseeing and evaluating management, particularly the Chief Executive Officer; and management runs our day-to-day operations. Our Board currently consists of 8 directors.

"Independent" Directors. Each of our directors other than Drs. Theeuwes and Brown qualify as "independent directors" as defined in the current rules of the NASDAQ Global Market. NASDAQ's definition of independent director includes a series of objective tests, such as that the director is not a Company employee and has not engaged in various types of business dealings with us. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our directors reviewed and discussed information provided by our directors and us with regard to each director's business and personal activities as they may relate to us and our management.

Board and Committee Responsibilities. The primary responsibilities of the Board are oversight, counseling and direction to our management in the long-term interests of the Company and its stockholders. The Chief Executive Officer and management are responsible for seeking the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by us.

The Board and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board has delegated various responsibilities and authority to different Board committees as described in this section of the proxy statement. Committees regularly report on their activities and actions to the full Board.

Board Leadership Structure. The roles of Board chair and principal executive officer are currently separated. Our Board chair is currently Felix Theeuwes, our Chief Scientific Officer, and our principal executive officer is currently James E. Brown, our President and Chief Executive Officer. In December 2010, David R. Hoffmann was designated lead independent director. As in the past, it is expected that executive sessions will be conducted including the Chairman and independent directors (excluding the Chief Executive Officer) and including just the independent directors at each regularly scheduled meeting of the Board of Directors.

Board Oversight of Risk. The Board of Directors is responsible for overseeing the Company's risks. In carrying out this responsibility, the Board evaluates the most critical risks relating to our business, allocates responsibilities for the oversight of risks among the full Board and its committees, and ensures that management has established effective systems and processes for managing the Company's risks. Additionally, because risk is inherently present in the Company's strategic decisions, the Board analyzes risk on an ongoing basis in connection with its consideration of specific proposed actions.

While the Board is responsible for oversight, management is responsible for identifying and communicating risk to the Board. Management fulfills this obligation in a variety of ways, including its establishment of appropriate and effective internal processes for the identification of risk. Management may report its findings to the full Board or its committees. Committees of the Board play an important role in risk oversight, including the Audit Committee, which oversees our processes for assessing risks and the effectiveness of our internal controls, and the Compensation Committee, which oversees risks present in the Company's compensation programs. Committees, to the extent that they deem appropriate or as required by their charters, report their findings and deliberations with respect to risk to the full Board.

In fulfilling its duties, the Audit Committee oversees and works in conjunction with our independent registered public accounting firm, Ernst & Young, LLP. In accordance with its charter, the Audit Committee is responsible for making examinations as necessary to monitor corporate financial reporting and the internal and external audits of the Company, reporting to the Board the results of such examinations and recommending changes that may be made in the Company's internal accounting controls. The Compensation Committee, with the assistance of its compensation consultants, periodically reviews the Company's compensation policies and profile with management to ensure that executive compensation incentivizes its executive officers to meet the Company's goals and strategic objectives. The Audit Committee periodically performs an analysis of risks arising from our compensation policies and practices and has concluded that such policies and practices are not reasonably likely to expose the Company to material risk.

Board Committees and Charters. The Board currently has, and appoints the members of, standing Audit, Compensation and Nominating & Corporate Governance Committees. Each of the Board committees has a written charter approved by the Board. Copies of each charter are available on our web site at www.durect.com under "About DURECT—Corporate Policies/Governance."

Audit Committee. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm. In 2011, the Audit Committee held five meetings. The responsibilities and activities of the Audit Committee are described in greater detail in the "Audit Committee Report." At the end of the last fiscal year, the Audit Committee was composed of the following directors: Simon X. Benito, David R. Hoffmann and Jon S. Saxe. Mr. Hoffmann has served as Chairman of the Audit Committee since September 2004.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. Our independent registered public accounting firm provides the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discusses with the independent registered public accounting firm and management that firm's independence.

In accordance with Audit Committee policy and the requirements of law, all services to be provided by Ernst & Young are pre-approved by the Audit Committee. Pre-approval includes audit services, audit-related services, tax services and other services. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditor's independence. To avoid certain potential conflicts of interest in maintaining auditor independence, the law prohibits a publicly traded company from obtaining certain non-audit services from its auditing firm.

As required by NASDAQ rules, the members of the Audit Committee each qualify as "independent" under special standards established for members of audit committees. The Audit Committee also includes at least one member who is determined by the Board to meet the qualifications of an "audit committee financial expert" in accordance with SEC rules. David R. Hoffmann is the director who has been determined by the Board of Directors to be the Audit Committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hoffmann's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Hoffmann any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board.

Compensation Committee. The Compensation Committee reviews and approves salaries, performance-based incentives and other matters relating to executive compensation, and administers our stock option plans, including reviewing and granting stock options to executive officers. The Compensation Committee also reviews and approves various other Company compensation policies and matters. The Compensation Committee held three meetings in 2011. For more information, see the "Compensation Committee Report." At the end of the last fiscal year, the Compensation Committee was composed of Michael D. Casey, David R. Hoffmann, Armand P. Neukermans and Jon S. Saxe. Dr. Neukermans has served as Chairman of the Committee since March 2004. As required by NASDAQ rules, the members of the Compensation Committee each qualify as "independent" under special standards established for members of compensation committees. In addition, the Compensation Committee, from time to time, retains independent compensation consultants to assist it with benchmarking of executive and Board compensation. From 2008 to 2011, the Compensation Committee retained J. Richard & Co., an independent compensation consultant, to provide such services. The process by which compensation is set for executive officers is described in the Compensation Discussion and Analysis below under the heading "Setting Officer Compensation."

Nominating & Corporate Governance Committee. The Nominating & Corporate Governance Committee identifies, evaluates and recommends to the Board individuals, including individuals proposed by stockholders, qualified to serve as members of the Board and the nominees for election as directors at the next annual or special meeting of stockholders at which directors are to be elected. The Nominating & Corporate Governance Committee also identifies, evaluates and recommends to the Board individuals to fill any vacancies or newly created directorships that may occur between such meetings. The Nominating & Corporate Governance Committee also is responsible for preparing and recommending to the Board adoption of corporate governance guidelines, reviewing and assessing our Code of Ethics and overseeing and conducting an annual evaluation of the Board's performance. The Nominating & Corporate Governance Committee held three meetings in 2011. At the end of the last fiscal year, the Nominating & Corporate Governance Committee was composed of Simon X. Benito, Terrence F. Blaschke and Michael D. Casey. Mr. Casey has served as Chairman of the Committee since April 2004. As required by NASDAQ rules, the members of the Nominating & Corporate Governance Committee each qualify as "independent" under special standards established for members of the committee.

Criteria for Board Membership. In recommending candidates for appointment or re-election to the Board, the Nominating & Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of our directors are independent under NASDAQ rules, and that members of the Audit Committee meet the financial literacy and sophistication requirements under NASDAQ rules and at least one of them qualifies as an "audit committee financial expert" under SEC rules. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to Board duties.

Stockholder Nominees. The Nominating & Corporate Governance Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Nominating & Corporate Governance Committee, c/o Matthew J. Hogan, Chief Financial Officer and Secretary, 10260 Bubb Road, Cupertino, CA 95014 and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in our bylaws and under the caption "Stockholder Proposals for 2013 Annual Meeting" above.

Process for Identifying and Evaluating Nominees. The Nominating & Corporate Governance Committee believes that the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating & Corporate Governance Committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating & Corporate Governance Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, our senior management, stockholder nominations, and, if the Nominating & Corporate Governance Committee deems appropriate, a third-party search firm. The Nominating & Corporate Governance Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating & Corporate Governance Committee. Candidates meriting serious consideration will then meet with the members of the Board. Based on this input, the Nominating & Corporate Governance Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board or presented for the approval of the stockholders, as appropriate.

Consideration of Diversity. The Nominating & Corporate Governance Committee believes that the interests of the stockholders are best served by a Board of Directors whose members collectively have a diverse balance of experience, skills and characteristics as appropriate to our business because it encourages a full discussion on Board topics from a variety of viewpoints and with the benefit of many different experiences. Although we do not have a policy regarding diversity, in looking for a candidate who will best meet the particular needs of the Board at the time, the Nominating & Corporate Governance Committee does consider whether the specific skills, background and work experience of a candidate would add to and complement the existing viewpoints represented by the present Board members. The Nominating & Corporate Governance Committee believes that the current Board composition does represent a diversity of experience and skills appropriate to our business.

Attendance at Board, Committee and Annual Stockholders' Meetings. During the last fiscal year (the period from January 1, 2011 through December 31, 2011), the Board met seven times. All directors are expected to attend each meeting of the Board and the committees on which they serve, and are also strongly encouraged to attend our annual meeting of stockholders. Each director attended at least 75% of all Board and applicable committee meetings during the fiscal year 2011. All directors attended our 2011 annual meeting of stockholders.

Communications from Stockholders to the Board. The Board recommends that stockholders initiate any communications with the Board in writing and send them c/o the Company's Secretary, Matthew J. Hogan. Stockholders can send communications by e-mail to matt.hogan@direct.com, by fax to (408) 777-3577 or by mail to Matthew J. Hogan, Chief Financial Officer and Secretary, DURECT Corporation, 10260 Burb Road, Cupertino, California 95014. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the Secretary to forward such correspondence only to the intended recipients; however, the Board has also instructed the Secretary, prior to forwarding any correspondence, to review such correspondence and, in his discretion, not to forward certain items if they are deemed to be of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, some of that correspondence may be forwarded elsewhere in the Company for review and possible response.

Code of Ethics

In December 2003, the Board approved an amended Code of Ethics applicable to all of our employees, officers and directors. The purpose of the Code of Ethics is to deter wrongdoing and, among other things, promote compliance with applicable laws, fair dealing, proper use and protection of our assets, prompt and accurate public company reporting, reporting of accounting complaints or concerns and avoidance of conflicts of interest and usurpation of corporate opportunities.

Our Code of Ethics can be found on our corporate website at www.direct.com under "About DURECT—Corporate Policies/Governance." If we make any substantive amendments to the Code of Ethics or grant any waiver from a provision of the Code of Ethics to any executive officer or director, we will promptly disclose the nature of the amendment or waiver by a method selected by the Board of Directors and in conformity with applicable SEC and NASDAQ rules.

Whistleblower Policy

In December 2003, in compliance with Section 301 of the Sarbanes-Oxley Act, the Audit Committee of the Board of Directors established procedures for the receipt, retention, and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and confidential, anonymous employee submissions of concerns regarding questionable accounting or auditing matters ("Whistleblower Policy"). Our Whistleblower Policy can be found on our corporate website at www.direct.com under "About DURECT—Corporate Policies/Governance."

Recommendation of the Board:

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF ALL NOMINEES NAMED ABOVE.**

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Securities Exchange Act of 1934 requiring that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in greater detail under the heading "*Compensation Discussion and Analysis*," we seek to closely align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, our Board of Directors or the Compensation Committee of the Board of Directors. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. To the extent there is a significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address our stockholders' concerns.

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal 2. Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure."

Recommendation of the Board:

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED
IN THIS PROXY STATEMENT.**

PROPOSAL NO. 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has recommended, and the Board has approved, the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012. Ernst & Young LLP has served as our independent registered public accounting firm since 1998. In the event that ratification of this selection of auditors is not approved by the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting, the Board will review its future selection of auditors.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting. This representative will have an opportunity to make a statement and will be available to respond to appropriate questions.

Recommendation of the Board:

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR*
RATIFICATION OF ERNST & YOUNG LLP AS THE COMPANY'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2012**

Except as indicated in the footnotes to this table, and subject to applicable community property laws, these persons have sole voting and investment power with respect to all shares of our common stock shown as beneficially owned by them.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee (for purposes of this analysis, the “Committee”) of the Board has responsibility for establishing, implementing and continually monitoring adherence with our compensation practices. The Committee makes all compensation decisions for our Chief Executive Officer (our “CEO”) and Chief Financial Officer (our “CFO”), as well as the other individuals included in the Summary Compensation Table below (our “Named Executive Officers”) and all of our Vice Presidents. In this proxy, we refer to those persons as our “Officers.”

Philosophy and Elements

All of our compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them appropriately for their performance. Different programs are geared to short and longer-term performance with the goal of increasing stockholder value over the long term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we consider the effect of executive compensation and incentive programs on all of our employees.

We believe that the compensation of our Officers should reflect the extent of their success as a management team and in addition, their individual performance, in attaining key operating objectives, such as advancing our product pipeline, entering into strategic collaborative agreements and maintaining our financial strength, and ultimately, increasing stockholder value. We believe that the performance of our Officers in managing the Company, considered in light of general economic and specific Company, industry and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our Officers. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

Elements of compensation for our executives include: salary, bonus, stock incentive awards and perquisites. We choose to pay each element of compensation in order to attract and retain the necessary executive talent, reward performance and provide incentive for their balanced focus on long-term strategic goals as well as short-term performance. The amount of each element of compensation is determined by or under the direction of the Committee, which uses the following factors to determine the amount of salary and other benefits to pay each executive:

- performance against corporate and individual objectives for the previous year;
- value of their unique skills and capabilities to support our long-term performance;
- performance of their general management responsibilities;
- contribution as a member of our executive management team;
- difficulty of achieving desired results in the coming year and years to follow; and
- compensation paid by companies deemed by the Committee to be comparable to us.

These elements fit into our overall compensation objectives by helping to secure the future potential of our products and operations, continuing to meet our business objectives, providing proper compliance and regulatory guidance, and helping to create an effective and cohesive team. Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while

providing incentives to maximize long-term value for us and our stockholders. Likewise, we provide cash compensation in the form of base salary to meet competitive salary norms and reward performance on an annual basis and in the form of bonus compensation to reward superior performance against specific annual goals. We provide non-cash compensation (i.e., stock options) to reward superior performance against specific objectives and long-term strategic goals. Our compensation package for our Named Executive Officers for fiscal year 2011 ranged from 49% to 51% in cash compensation and 49% to 51% in non-cash compensation, including benefits and equity-related awards. We believe that this formula is competitive within the marketplace and appropriate to fulfill our stated policies. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews information from relevant peer companies, and such other information as it considers appropriate, to determine the appropriate level and mix of incentive compensation.

Setting Officer Compensation

Process

At one or more meetings at the end of each fiscal year (usually in December) or in the beginning of the following fiscal year (usually in January or February), the Committee reviews our performance during the fiscal year against established corporate objectives, individual Officer performance and history of all the elements of each Officer's total compensation in comparison with the compensation of executive officers in an appropriate peer group as described below. After due consideration of the foregoing, the Committee:

- sets the base salaries for our Officers for the following fiscal year;
- approves individual Officer bonus payments for performance for the prior fiscal year;
- approves stock options that will be granted to each Officer for performance for the prior fiscal year;
- adopts the management incentive plan (including objectives and weighting) for the following fiscal year; and
- decides upon general compensation guidelines and overall salary, bonus and stock option budgets for all employees.

The specific basis for the determination of base salaries, bonuses and stock option grants to Officers is detailed below.

Role of Executive Officers

The CEO and the Chairman and Chief Scientific Officer (the "CSO") annually review the performance of each Officer (other than the CEO and CSO, whose performance is reviewed by the Committee) with the assistance and input from our head of Human Resources. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. Officers, other than the CEO and the CSO, are not present at the time of these deliberations. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives and ultimately makes the final decision with respect to the compensation of all our Officers. The CEO and the CSO are not present during the Committee's deliberations and discussion on their individual compensation.

Benchmarking

To assist the Committee in benchmarking executive compensation, the Committee retained J. Richard & Co., an independent compensation consultant, from 2008 to 2011, to collect and synthesize data from several sources as detailed below.

To benchmark our Officer cash bonuses and equity awards for performance in fiscal year 2011 and base salaries for fiscal year 2012, the Committee reviewed compensation information as reported in the definitive

proxies for fiscal year 2010 from the following public life sciences companies: Affymax, Alexza Pharmaceuticals, Cytokinetics, Depomed, Dyax, Dynavax Technologies, Ligand Pharmaceuticals, Maxygen, Neurocrine Biosciences, Pain Therapeutics, Pozen, Sangamo, Vical, and Xenoport (the "Peer Companies"). The Committee selected the Peer Companies as a relevant comparison group for us based on various criteria including similarity of business, employee headcount, market capitalization and revenue. Where such source did not provide sufficient information with respect to the bonus and equity compensation of certain officer positions, the Committee used compensation information from The Radford Global Life Sciences Survey (2011) (the "2011 Radford Survey") as a supplement. The Committee took into consideration the summarized compensation data from the Peer Companies along with the data from the 2011 Radford Survey when setting base salaries applicable for fiscal year 2012 and the cash bonuses and stock options awards to our Officers for performance in fiscal 2011.

Base Salary

It is the goal of the Committee to establish salary compensation for our Officers that is competitive with comparable peer companies. In setting Officer base salaries for fiscal year 2012 (which were set in February 2012), the Committee reviewed the salary compensation of officers with comparable qualifications, experience and responsibilities as reported in the 2011 Radford Survey and definitive proxies from the Peer Companies. It is not our policy to pay our CEO or other Officers at the highest level relative to their respective counterparts at the Peer Companies. The Committee generally targets compensation for our Officers at the 50th percentile of compensation paid to similarly situated executives at the Peer Companies. Variations to this objective may occur as dictated by the experience and performance level of the individual and market factors. We believe that this gives us the opportunity to attract and retain talented managerial employees both at the senior executive level and below, yet conserves our financial resources to the benefit of our stockholders. For fiscal year 2012, Officers received no increase in base salary, with the exception of one Officer who received a 10% merit increase related to his promotion effective February 1, 2012. Further, to more closely align the interests of the Company's officers with the interests of the Company's stockholders, six Officers volunteered to receive a reduction in the portion of their salary paid in cash ranging from 5% to 33%. Consequently, effective February 1, 2012, a portion of their salary will be paid in cash and a portion of the salary will be paid in options. The total shares subject to these options were determined by using a standard Black-Scholes option-pricing model and the vesting occurs on a quarterly basis over a year, subject to continued service. The total reduction in annualized cash base salary associated with these six officers was \$248,830 and the total number of associated options granted was 478,519. For fiscal year 2011, the base salaries of the CEO, CSO and other Officers were increased by 3% from the base salaries of those Officers in fiscal year 2010. Certain Officers other than the CEO and the CSO also received salary adjustments if the Committee determined based on relevant data that their salaries were below the target percentile of compensation paid to comparable executives at the Peer Companies. For fiscal year 2010, the base salaries of the CEO and the CSO were increased by 2% from the base salaries of those Officers in fiscal year 2009. The CEO and certain Officers other than the CSO also received salary adjustments if the Committee determined based on relevant data that their salaries were below the target percentile of compensation paid to comparable executives at the then-current peer companies. The Committee determined that these salary increases operated to maintain our Officer base salaries at about the 50th percentile of compensation paid to similarly situated executives at the then-current peer companies (or as reported in the Radford Survey).

Bonus (Non-Equity Incentive Plan Compensation)

The cash bonus element of our executive compensation is designed to reward our Officers for the achievement of shorter-term corporate goals, measurable on an annual basis, as well as, with certain exceptions noted below for the CEO and CSO, individual Officer performance. Our general process for determining the bonus element of our Officer compensation for fiscal years 2010, 2011 and 2012 performance is set forth below.

In setting the target bonus for which each Officer would be eligible for fiscal 2010, 2011 and 2012 performance, the Committee reviewed the data from the then-current peer companies (and the most recent

available Radford Survey where applicable) with respect to the bonuses of officers with comparable qualifications, experience and responsibilities at companies in their recommended peer groups. Based on the foregoing, for performance in fiscal year 2010, 2011 and 2012, the Committee set the target bonus for the CEO and CSO at 60% of such individual's base salary, and for all other Officers at 30%–40% of such individual's base salary. The two factors used by the Committee to determine the amount out of the target amount to be awarded to any individual Officer other than the CEO and CSO are the individual performance of such Officer during the relevant fiscal year and our performance as a whole against pre-set corporate objectives for such fiscal year (the "Corporate Objectives"). The Committee retains the discretion to adjust actual bonus payments based on other factors, as discussed below.

The Corporate Objectives for each fiscal year are typically established by the Committee in consultation with our Officers at the end of the previous fiscal year or no later than the first quarter of such fiscal year. The Corporate Objectives comprise product development, financial, business development and operational goals with varying degrees of difficulty and have associated target dates for accomplishment. Each objective is weighted based on the importance of the accomplishment of the objective to the Company's overall value. At the end of each fiscal year, the Committee makes a determination of the overall percentage of the Corporate Objectives accomplished by the Company as a whole during the fiscal year. The Committee exercises its reasonable discretion in determining the percentage of Corporate Objectives accomplished by the Company, including, for example taking into account the achievement of any listed objective above expectations or the accomplishments of the Company that were not listed in the Corporate Objectives.

For fiscal year 2011, the Corporate Objectives against which Officer performance was evaluated consisted of, among others, financial, business development and product development goals.

— Financial

- The primary financial goal was to minimize overall corporate cash utilization such that net cash consumption did not exceed \$25 million and our corporate cash balance at year end equaled at least 1.5 year's cash burn.

— Business Development

- The primary business development goal was to establish a business development collaboration with respect to TRANSDUR®-Sufentanil on terms acceptable to the Company.
- In addition, we had goals that included generating at least \$1.7 million in revenue from existing collaborations, generating at least \$1 million in revenue from feasibility agreements with third parties and advancing one feasibility project into a development agreement.

— Product Development

- POSIDUR™: The primary goals related to completing enrollment of the Phase III clinical program with resulting data to enable submission of a New Drug Application (NDA) in early 2012.
- ORADUR® Programs: The primary goals related to continued support of our licensee King Pharmaceuticals' (now Pfizer's) efforts to achieve NDA approval for REMOXY®, commencing activities with our licensees to increase development activities on our additional ORADUR-based opioids and achieving a formulation in our ORADUR-ADHD program that meets our target product profile in a Phase I study.
- TRANSDUR-Sufentanil: The primary goals related to establishing a business arrangement to advance the program.
- ELADUR®: The primary goal related to support of our licensee King Pharmaceuticals (now Pfizer) in completing a successful Phase IIb clinical trial in chronic low back pain and convincing them to expand the development program to include post-herpetic neuralgia (PHN).

After evaluating the Company's performance against the Corporate Objectives established for 2011, the Committee determined that the overall percentage of Corporate Objectives accomplished by the Company as a whole for fiscal year 2011 was 18%.

The Committee believes that the accomplishments of the Company as a whole are an important measure of the performance of all of our Officers, including the effectiveness of their leadership and teamwork. In particular, the percentage of the total eligible amount that is normally awarded to the CEO and CSO as a bonus is based entirely on the Company's overall performance and accomplishment of the Corporate Objectives because the Committee believes that the paramount duty of these individuals is leadership. Thus, in principle the bonus awarded to the CEO and the CSO for fiscal year 2011 would be computed by multiplying 18% (the percentage determined by the Committee based on Corporate Objectives accomplished and the Company's overall performance) by 60% of the CEO or CSO's base salary in fiscal year 2011 (the target bonus amount that such individual is eligible to receive as set by the Committee); in practice, the Compensation Committee awarded the CEO and CSO no bonus for fiscal year 2011. For fiscal year 2011, the Committee applied a weighting of Corporate Objectives (from 50% to 60% or 70%, depending on the Officer) and applied a weighting of individual performance (from 50% to 40% or 30%, depending on the Officer) for Officers other than the CEO and CSO. Bonuses for fiscal years 2009, 2010 and 2011 for the CEO and CSO continued to be based solely on Corporate Objectives.

The individual performance of each Officer, except for the CEO and CSO, is assessed as part of an annual written performance appraisal performed typically at the end of each fiscal year. At a meeting at the end of each fiscal year, each Officer, together with his or her supervisor (e.g., the CEO or CSO), agrees upon a written set of objectives for the following fiscal year pertinent to the Officer individually (which includes goals for the functional area or business managed by such Officer). The supervisor also assesses the accomplishments of the Officer in such fiscal year against the applicable pre-established objectives for that Officer in such year, and arrives at a percentage of goals accomplished. In general, the bonus of each Officer other than the CEO or CSO is determined as follows:

$$\text{Bonus Amount} = (A\% * B\% + C\% * D\%) * E\% * \text{Base Salary}$$

A = the percentage (30%, 40% or 50%) of individual performance applicable to the Officer

B = the percentage of personal objectives accomplished by the Officer as determined by the Officer's supervisor

C = the percentage (50%, 60% or 70%) of weighting of Corporate Objectives

D = the percentage of Corporate Objectives accomplished and overall performance by the Company as determined by the Committee

E = the percentage (30%, 35% or 40%) of the base salary set as the maximum bonus target applicable to the Officer

Notwithstanding the general practice with respect to determination of Officer bonuses set forth above, the Committee retains complete discretion to adjust the result obtained using the general approach for individual variations in performance or business considerations.

With respect to bonuses for fiscal year 2009 performance, due to the turmoil in the financial markets and in the interest of preserving cash, the Committee reduced the cash bonus amount payable to each Officer derived under the general approach by approximately 85% and, in lieu of the reduced amount, the Committee granted additional fully vested options to purchase our common stock, of which options to purchase approximately 358,669 shares were granted to our Officers in January 2010. With respect to bonuses for fiscal year 2010 performance, the Committee determined Officer bonuses as set forth above. With respect to bonuses for fiscal year 2011 performance, in order to preserve cash and to more closely align the interests of the Company's shareholders, management recommended and the Compensation Committee agreed that no bonus would be paid in cash to employees relative to 2011 performance but instead any bonus awarded by the Compensation Committee would be paid in options. The total shares subject to each bonus option was determined by using a standard Black-Scholes option-pricing model. Options to purchase 206,830 shares subject to the bonus options that fully vested upon grant were granted to our Officers in February 2012. No bonus was awarded for fiscal year 2011 performance to the CEO or CSO.

With respect to bonuses payable for fiscal year 2012 performance, the Committee expects to maintain the same general approach (subject to the Committee's plenary discretion to deviate where appropriate from that approach due to individual or Company-wide considerations), with the exception that the Committee is increasing, at all levels of the Company, the percentage weighting for corporate performance relative to individual performance.

Equity Incentive Program

We intend that our equity incentive program is the primary vehicle for offering long-term incentives and rewarding our Officers and key employees. We also regard our equity incentive program as a key retention tool. This is a very important factor in our determination of the type of award to grant and the number of underlying shares that are granted in connection with that award. Because of the direct relationship between the value of an option and the market price of our common stock, we have always believed that granting stock options is the best method of motivating our Officers to manage the Company in a manner that is consistent with our interests and those of our stockholders. It is our typical practice to grant stock options to our Officers and all employees annually in connection with our annual employee performance appraisal.

At the same meeting(s) during which the Committee determines our Officer base salaries for the following fiscal year and bonuses for performance in the previous fiscal year the Committee also determines the ranges of stock options for which our Officers are eligible by rank. The Committee sets these ranges after consideration of (a) the value of equity incentive awards of officers with comparable qualifications, experience and responsibilities at the then-current peer companies, (b) the dilution that would be created by the stock options awards for that fiscal year (the "Burn Rate") and (c) the overall value of equity held by our employees as a retention incentive. The Committee's general philosophy is that the value of our equity incentive awards to our Officers should be competitive with the then-current peer companies subject to the Company maintaining a Burn Rate for its equity incentive programs that is not overly dilutive to our stockholders and comparable to other companies in the then-current peer group. For our annual stock option grant in connection with the Company's fiscal year 2009 performance appraisal (including the bonus options discussed above), the date of grant which was January 22, 2010, the Committee targeted a Burn Rate (computed as total shares subject to option grants to all employees including Officers for the entire fiscal year divided by total outstanding shares as of December 31, 2009) of approximately 3.5%. For our annual stock option grant in connection with the Company's fiscal year 2010 performance appraisal, the date of grant which was January 20, 2011, the Committee targeted a Burn Rate (computed as total shares subject to option grants to all employees including Officers for the entire fiscal year divided by total outstanding shares as of December 31, 2010) of approximately 2.9%. For our annual stock option grant in connection with the Company's fiscal year 2011 performance appraisal, the date of grant which was February 3, 2012, the Committee targeted a Burn Rate (computed as total shares subject to option grants to all employees including Officers for the entire fiscal year divided by total outstanding shares as of December 31, 2011) of approximately 1.9%. The number of shares underlying option grants to our Officers for performance for fiscal year 2011 was lower than the number of shares underlying option grants to our Officers for performance for fiscal year 2010. The number of shares underlying option grants to our Officers for performance for fiscal year 2010 was generally slightly lower than the number of shares underlying option grants to our Officers for performance for fiscal year 2009. The factors used by the Committee to determine the specific number of shares underlying any stock option grant to any individual Officer other than the CEO and the CSO are the individual performance of such Officer during the relevant fiscal year and the performance of the Company as a whole against the Corporate Objectives. As with bonuses, the specific number of shares underlying the stock option grants to our CEO and CSO is determined based on the performance of the Company as a whole against the Corporate Objectives.

In addition, our Board of Directors and Compensation Committee may grant equity compensation to our Officers and employees at any time for incentive and retention purposes in keeping with our non-cash equity compensation practices outlined below.

Perquisites

Except as otherwise described in this Proxy Statement, our Officers are entitled to no benefits that are not otherwise available to all of our employees. In this regard it should be noted that we do not provide pension arrangements (other than our 401(k) plan), post-retirement health coverage or similar benefits for our Officers or employees.

The perquisites we provided in fiscal 2011 were as follows: We provide life insurance to all employees (including Officers) with a limit of three times the employee's salary (up to \$250,000 of insurance per employee). The premium on over \$50,000 of life insurance is treated as taxable income and is reported on W-2 forms of all employees. In addition, we provide medical, dental and vision insurance, accidental death and dismemberment insurance, short-term and long-term disability insurance to all employees. We pay for approximately 85% of the total premium for medical, dental and vision insurance, respectively, and 100% of the total premium for accidental death and dismemberment insurance, short-term and long-term disability insurance. Our Officers, as with our employees, are eligible to participate in our 2000 Employee Stock Purchase Plan.

Post-Employment Compensation

Pension Benefits

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers, as with all eligible employees, are eligible to participate in our 401(k) plan. We do not provide matching contributions for any of our employees including our Officers.

Nonqualified Deferred Compensation

We do not provide any nonqualified deferred contribution or other deferred compensation plans.

Other Post-Employment Payments

All of our employees, including our Officers, are employees-at-will and as such do not have employment contracts with us. We also do not provide post-employment health coverage or other benefits, except in connection with the change of control agreements, details of which are included below under "Change of Control Agreements."

Stock Option Practices

Overview

It is our practice to grant stock options to all of our employees. Stock options award levels are determined based on market data and vary among individuals based on their positions within the Company and their individual performance. Stock Options are generally granted in connection with:

- the hiring of employees (including Officers);
- the promotion of employees (including Officers);
- the annual performance appraisal of employees (including Officers);
- rewarding certain employees (including Officers) for exceptional accomplishments; and
- from time to time for incentive and retention purposes.

We also, from time-to-time, and on an infrequent basis, grant stock options to certain consultants with specialized skills who provide important services to us. All of our stock options are granted under and pursuant to the terms of our 2000 Stock Plan (the "Plan").

In March 2007, the Committee evaluated our practices for granting stock options in view of current laws, regulations and best practices and for promoting administrative efficiency, and adopted written guidelines therefor (the "Guidelines"). Except with respect to the timing of stock option grants to newly hired employees described below, the Guidelines did not significantly change our previous stock option practices. Where relevant, changes to our previous practices made by our Guidelines are noted below.

Authority

The Board has delegated the authority to grant stock options under specified terms and conditions to a committee consisting of our CEO, CSO and CFO (the "Officer Committee") in connection with the hiring and promotion of non-Officer employees and the rewarding of non-Officer employees for exceptional performance. Other than as expressly delegated by the Committee or the Board in accordance with the Plan, the authority to grant stock options and other equity compensation resides exclusively with the Committee or the Board. In particular, the Committee or the Board has the exclusive authority to grant stock options to Directors and Officers.

Timing of Grants

Options to newly hired Officers are approved by action of our Board or the Committee by meeting or unanimous written consent prior to and granted effective as of the first day of employment of such Officer, typically at the same time as the ratification of their employment. Options to newly hired employees who are not Officers and where the number of shares underlying the stock option grant does not exceed 50,000 shares are granted by unanimous written consent of the Officer Committee on the tenth business day of the subsequent calendar month of their hire, and the Officer Committee meets or acts by unanimous written consent on or before the tenth business day of the calendar month to approve the option grants to be made on the tenth business day of the calendar month.

Annual grants of stock options to our employees and Officers are made usually in January or February of each year after the conclusion of our annual Company-wide performance appraisal of all employees for the previous fiscal year. Even though the Committee may complete the evaluation of the performance of Officers prior to the completion of the performance appraisal process for the entire Company, it has been our practice in the last several years to grant the stock options to Officers simultaneously with the grant of stock options to our employees.

Other than as described above with respect to newly hired employees, it is our practice to grant stock options (such as in connection with promotions, rewarding exceptional accomplishments and grants to consultants) effective on the date of the Board, Committee or Officer Committee's action by meeting or unanimous written consent.

We do not have a policy that precludes the granting of stock options when the Company or the Board is in possession of material nonpublic information or at certain periods in relation to our earnings releases. Although the Committee has considered whether such a policy would be advisable, the Committee does not feel that adoption of such policy is warranted at present since we grant stock options based on timelines in the normal course of business independent of the occurrence of these types of events (e.g., at a pre-established date each month for newly hired employees, on the first date of employment for newly hired Officers or upon the completion of the Company's annual performance appraisal with respect to the annual grant). The Committee will periodically review the need for any such type of policy on timing, but at present, reserves the right to grant stock options at any time consistent with our policies, the Plan and applicable laws and regulations.

Exercise Price and Other Terms

The exercise price for stock options we grant is the fair market value of our common stock as defined in the Plan, which is the closing price on the day of the grant of our common stock on the NASDAQ Global Market.

Stock options granted to our employees (including Officers) typically have a term of 10 years. Options granted prior to 2009 generally vest at a rate of 25% on each anniversary of the date of grant. Options granted in 2009, 2010 and 2011 generally vest at a rate of 25% on the first anniversary of the date of grant and thereafter, 1/16 of the shares subject to the option vest at the end of each three-month period following the one year anniversary of the date of grant. Options granted in 2012 generally vest on a quarterly basis over four years following the date of grant. On an infrequent basis, the Board or the Committee has granted stock options to employees (including Officers) with different vesting patterns consistent with the Plan. The term and vesting of options granted to consultants vary depending on the circumstances.

Stock options, subject to required vesting, are exercisable for the term of the option so long as the optionee maintains continuous status as an employee or consultant with the Company. Options granted prior to March 31, 2010 are exercisable for sixty (60) days after the termination of the optionee's status as an employee or consultant with the Company. Options granted on or after March 31, 2010 will be exercisable for three (3) months after the termination of the optionee's status as an employee or consultant with the Company.

Hedging and Stock Ownership Policies

Our insider trading policy provides that all employees and Officers may not engage in any transactions that suggest speculation in our stock (that is, an attempt to profit in short-term movements, either increases or decreases, in the stock price). The policy notes that many "hedging" transactions, such as "collar" transactions, contingent or forward sales, and other similar or related arrangements, are prohibited. Specifically, our insider trading policy precludes any employee or Officer from engaging in any "short" sale, "sale against the box" or any equivalent transaction involving our stock (or the stock of any of our business partners in any of the situations described above).

We do not have a stock ownership policy.

Most Recent Advisory Vote on Executive Compensation

The Committee noted that at the 2011 Annual Meeting held on June 23, 2011, the Company's executive compensation was approved on a non-binding, advisory basis based upon the following votes:

<u>For</u>	<u>Against</u>	<u>Abstain</u>	<u>Broker Non-Vote</u>
59,112,933	1,115,208	76,027	20,646,298

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid during a single year to a corporation's chief executive officer and four other most highly paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. We periodically review the potential consequences of Section 162(m) and may structure the performance-based portion of our executive compensation with the intent to comply with certain exemptions available under Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Accounting for Stock-Based Compensation

Stock-based compensation is estimated at the date of grant based on the stock award's fair value using the Black-Scholes option-pricing model and is recognized as expense ratably over the requisite period in a manner similar to other forms of compensation paid to employees and directors. Our financial statements include more information regarding accounting for stock-based compensation.

In 2011, 2010 and 2009, we did not grant any stock awards and we do not currently offer pension or nonqualified deferred compensation plans.

- (2) Amounts shown represent the aggregate grant date fair value of the stock option grant in the year indicated. For more information, please see Note 8 of the consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2011 regarding assumptions underlying the valuation of equity awards.
- (3) Represent the amounts earned in 2009 and 2010 but paid in January 2010 and January 2011, respectively. No cash bonuses were paid in the first quarter of 2012 relative to 2011 performance. However, to more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, Dr. Brown volunteered to receive a reduced portion of his salary in cash and accordingly his cash salary was reduced by \$50,079 to \$450,712 effective February 1, 2012. In lieu of this cash compensation, he was granted a stock option to purchase 96,306 shares of the Company's common stock in February 2012. The vesting associated with the option is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service.

-
- (6) There will be no change to Mr. Hogan's notional salary for fiscal year 2012 as compared to fiscal year 2011 (i.e. \$315,738). However, to more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, Mr. Hogan volunteered to receive a reduced portion of his salary in cash and accordingly his cash salary was reduced by \$15,787 to \$299,951 effective February 1, 2012. - (7) Dr. Theeuwes' notional salary for fiscal year 2012 is \$373,221, which represents an approximately 25% decrease as compared to his salary for fiscal year 2011. This decrease reflects a transition to 75% time for fiscal year 2012, effective February 1, 2012. In addition, in order to preserve cash and to more closely align the interests of the Company's named executive officers with the interests of the Company's shareholders, Dr. Theeuwes volunteered to receive a reduction by \$125,000 in the portion of his salary to be paid in cash effective February 1, 2012. In lieu of this cash compensation, he was granted a stock option to purchase 240,385 shares of the Company's common stock in February 2012. The vesting associated with the option is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service.

In lieu of this cash compensation, he was granted a stock option to purchase 62,153 shares of the Company's common stock in February 2012. - (9) Dr. Mendenhall's notional salary for fiscal year 2012 was \$242,399, which represented an approximately 25% decrease as compared to her salary for fiscal year 2011. This decrease reflected a transition to 75% time for fiscal year 2012, effective February 1, 2012. Dr. Mendenhall passed away in February 2012.

CHANGE OF CONTROL AGREEMENTS

In April 2004, our Board of Directors adopted a change of control policy applicable to our officers who hold the rank of Vice President and above (who are not party to any other change of control agreement with us) which provides that, in the event that such officer's employment is terminated without cause or constructively terminated, in connection with and prior to a change in our control, or within twenty-four months following a change in our control, then: (1) the unvested portion of any stock option held by such officer shall automatically accelerate so as to become completely vested as of the effective date of the termination, and (2) such officer shall receive a cash payment equal to one year of such officer's then current salary, provided that such cash payment will be equal to two years of such officer's then current salary in the case of James E. Brown or Felix Theeuwes. Any such benefits are conditioned upon such officer delivering to us an effective release releasing us or our successor from any and all claims the officer may have against such entities related to or arising in connection with his or her employment, term of such employment and termination thereof, and the officer agreeing, for the period during which she or he is receiving or has received payment of cash severance (but not exceeding two years), he or she will not, directly or indirectly, act as a partner, joint venturer, consultant, officer, director, employee, agent, independent contractor or stockholder of any company or business organization (including any unit or division of any company or organization) whose business is the development and marketing of products and services that are directly competitive with the products and services being developed and marketed by us immediately prior to our change of control. In September 2008, we amended the policy for compliance with Section 409A of the Code such that any such cash payment shall be payable in equal installments over the twelve month period, subject to a six month delay as required to avoid adverse tax consequences to "specified employees" under Code Section 409A.

In April 2004, our Board of Directors adopted a change of control policy applicable to all employees other than officers who hold the rank of Vice President and above which provides that, in the event that such employee's employment is terminated without cause or constructively terminated, in connection with and prior to a change in our control, or within twenty-four months following a change in our control, then: (1) the unvested portion of any stock option held by such employee shall automatically accelerate so as to become completely vested as of the effective date of the termination, and (2) such employee shall receive a payment of 2 weeks of such employee's then current salary for each full year of employment with us (taking into consideration the period of employment by the surviving entity as employment with us), up to a maximum total severance payment equal to 12 months of such employee's then current salary.

Had a change in control occurred during fiscal 2011 and had their employment been terminated on December 31, 2011, our Named Executive Officers would have been eligible to receive the payments set forth in the columns under the heading "Terminations Within 24 Months of a Change in Control" in the table below.

Terminations Within 24 Months of a Change in Control		
Name	Severance Payments	Value of Accelerated Unvested Options (1)
James E. Brown	\$ 1,001,581	\$ —
Matthew J. Hogan	\$ 315,738	\$ —
Felix Theeuwes	\$ 995,255	\$ —
Su Il Yum	\$ 323,198	\$ —
Paula Mendenhall	\$ 323,198	\$ —

- (1) The value of accelerated vesting of the options is based solely on the excess, if any, of \$1.18 per share, the closing market price on December 30, 2011, over the exercise price of the unvested portion (as of December 31, 2011) of our Named Executive Officers' stock options. Because all of our stock options have exercise prices higher than our current stock price, if our stock value was higher at the time of any actual termination of employment, additional stock options could have value.

DIRECTOR COMPENSATION

Overview of Compensation and Procedures

The Compensation Committee reviews the level of compensation of our non-employee directors on an annual basis. To determine how appropriate the current level of compensation for our non-employee directors is, we have historically obtained data from a number of different sources including:

- publicly available data describing director compensation in peer companies;
- survey data collected by our human resources department; and
- information obtained directly from other companies.

In 2009, the Compensation Committee retained J. Richard & Co., an independent compensation consultant, to perform a survey of director compensation programs used by public life sciences companies comparable to us. Based upon J. Richard & Co.'s analysis, the Compensation Committee determined that our director compensation was below that provided by companies comparable to us. As a result of these findings, and in an effort to ensure our ability to attract and retain qualified directors, we changed our non-employee director compensation structure in December 2009.

We compensate non-employee members of the board through a mixture of cash and equity-based compensation. Effective December 2009, each non-employee director is eligible to receive an attendance fee of \$1,500 for each Board meeting attended and \$500 for each telephonic Board meeting, and a cash retainer fee equal to \$30,000 per year (increased in December 2009 from \$25,000 per year) paid on a quarterly basis in arrears. In addition, for each Board committee on which a non-employee director serves, he or she shall be eligible to receive an attendance fee of \$1,000 for each committee meeting attended and a cash retainer fee equal to \$8,000, \$6,000 and \$5,000 per year for serving on the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee respectively (as compared to \$7,500, \$5,000 and \$5,000 per year respectively for 2009) paid on a quarterly basis in arrears; provided that the cash retainer to be received by the chairperson of the Audit Committee, the Compensation Committee and the Nominating & Corporate Governance Committee is \$22,500, \$15,000 per year and \$12,000 per year, respectively, each paid on a quarterly basis in arrears.

All of our current non-employee directors receive stock option grants as part of their compensation for their service. When each non-employee director first becomes a director, he or she receives nonstatutory options to purchase shares of our common stock, which by approval of the Board of Directors was increased by 5,000 shares to a total of 35,000 shares in December 2009. These options have a ten-year term and become exercisable in installments of one-third of the total number of shares granted on each anniversary of the grant. Additionally, each director who has served for at least 6 months will receive options to purchase an additional 20,000 shares of our common stock on the date of the annual stockholder meeting (Annual Grant), which by approval of the Board of Directors was increased by 5,000 shares to a total of 25,000 shares in December 2009, and such Annual Grant vests on the day before the first anniversary of the date of grant of the Annual Grant. These options are for a ten-year term. In each case, the size of the option grants would be adjusted to reflect any stock splits, stock dividends, combinations or similar transactions. The exercise price of the options granted under our Directors' Plan must be at least 100% of the closing price of our common stock on the NASDAQ Global Market on the date the option is granted. The options may be exercised only (1) while the individual is serving as a director on the Board, (2) within 12 months after termination by death or disability or (3) within 12 months after the individual's term as director ends for any other reason. Stock options to directors had been granted under our Directors' Plan until the expiration of the plan in September 2010, after which stock options to directors have been granted under our 2000 Stock Plan.

Employee directors receive no additional compensation for serving on our Board of Directors.

The following table sets forth certain information regarding the compensation of each non-employee member of our Board of Directors for the fiscal year ended December 31, 2011.

The Audit Committee recommends to the Board of Directors, subject to stockholder ratification, the selection of an accounting firm to be engaged as the Company's independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm, Ernst & Young LLP as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. Additionally, the Audit Committee has discussed with Ernst & Young LLP the issue of its independence from DURECT Corporation.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

Audit Fees

Fees for audit services include fees associated with the audits of our annual financial statements and the effectiveness of our internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 included in our Form 10-K and the review of the financial statements included in our quarterly reports on Form 10-Q. Audit fees also include fees for advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements, review of the SEC registration statements and issuance of consents.

Tax Fees

Tax fees include tax compliance services related to preparation of tax returns, responding to inquiries of the Internal Revenue Service and other tax matters.

All Other Fees

Other fees consist of an annual subscription to on-line accounting information and updates.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than 10% of our common stock (collectively, “Reporting Persons”) to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based upon our review of the reporting forms we received and written representations from certain persons that no other reports were required to be filed by those persons, we believe that all filing requirements applicable to our officers, directors and 10% stockholders were complied with for fiscal year 2011.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented to the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies in the enclosed form will be voted in respect thereof as the proxy holders deem advisable.

It is important that the proxies be returned promptly and that your shares be represented. Stockholders are urged to mark, date, execute and promptly return the accompanying proxy card in the enclosed envelope or vote by telephone or the Internet as described on the proxy card.
