Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Modification of Executive Officer Compensation

On January 13, 2015, DURECT Corporation (the "Company") filed a Form 8-K describing a summary of actions taken by the Compensation Committee of the Company for the Company's Chief Executive Officer, the Chief Financial Officer, and the other named executive officers of the Company for whom compensation disclosure was required in the Company's most recent proxy statement filed with the Securities and Exchange Commission. As described in that Form 8-K, these executives were to receive 2015 base salaries effective April 1, 2015 reflecting a 3% increase as compared to their base salaries in 2014.

To more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, certain of the Company's named executive officers have volunteered to receive a reduced portion of their salary in cash, with this portion instead being paid in options. The total shares subject to each option in lieu of salary were determined by using a standard Black-Scholes option-pricing model. The new applicable 2015 cash salary effective as of April 1, 2015, the cash amounts being foregone and the options awarded, by individual, are as follows:

	New 2015 Base Salary (effective April 1, 2015)	Cash Foregone	Stock Options (Number of Shares Subject to Option Grant) (1)
James E. Brown, D.V.M., President & Chief Executive Officer	\$ 481,289	\$ 50,000	37,037
Felix Theeuwes, D. Sc., Chairman & Chief Scientific Officer (2)	\$ 191,760	\$ 125,000	92,593
Matthew J. Hogan, Chief Financial Officer	\$ 327,015	\$ 18,000	13,333

Notes:

- (1) The options were granted by the Compensation Committee on March 26, 2015. The exercise price per share of such option grant is \$1.75, the closing price of the Company's common stock on the NASDAQ Global Market on the date of grant. The vesting associated with the options is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of the optionee's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the vested options shall be seven (7) years, subject to the ten (10) year term of the option.
- (2) Dr. Theeuwes' notional salary effective April 1, 2015 also represents an approximately 20% decrease as compared to his salary effective April 1, 2014, reflecting a transition from 75% time to 60% time effective April 1, 2015.

Modification of Director Compensation

Commencing April 1, 2015, the non-employee directors also agreed to receive a portion of their retainers in stock options. The total shares subject to each option in lieu of cash retainer were determined by using a standard Black-Scholes option-pricing model. The exercise price per share of the options is \$1.75, the closing price of the Company's common stock on the NASDAQ Global Market on the date of grant. The vesting associated with the options is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of the optionee's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the vested options shall be seven (7) years, subject to the ten (10) year term of the option.

Name	Amount of Retainers Provided As Options (\$)	(Number of Shares subject to option grant)
Simon X. Benito	\$ 15,000	11,111
Terrence F. Blaschke, M.D.	\$ 15,000	11,111
David R. Hoffmann	\$ 37,500	27,778
Armand P. Neukermans, Ph.D.	\$ 15,000	11,111
Jon S. Saxe	\$ 15,000	11,111
